# MCAS `13 District Data Analysis 

10/15/2013

## Four Major Points:

1) Accountability levels do NOT $=$ MCAS Scores alone
2) Apples and bananas are ineffective comparisons
3) The entire district is working hard and is on a trajectory of GROWTH
4) We are SOLUTION-oriented

Why did AHS Drop from Level 1 to A Level 2 ?

- ELA Advanced/ Proficient $=94 \%$
- Math Advanced/Proficient $=88 \%$
(Exact same scores as last year-except we had a tiny increase in the numbers of students in the "high needs" population who fell in the "warning" category).
We did not meet our target of closing the proficiency gap for "high needs" students by 2 points!!!

## What are "Accountability Levels Based Upon?

- MCAS Scores
- MCAS Participation Rates
- Narrowing Proficiency Gaps for ALL students
- Graduation Rates
- Drop-out Rates
- Student Growth
- Extra Credit

## Adding Apples

Apple + Apple $=2$ Apples
Apples + Bananas ineffective unless you are just talking about fruit!

## Comparing Apples to Apples

- On the state's District Analysis and Review Tool (DART), you can see Amesbury is compared to other school districts with like enrollments, grade spans, low income, special education, and ELL populations. When compared with other "like" districts, APS scores in the top third. Amesbury is often compared to its surrounding communities, which is apples to bananas when you look at the discrepancy in low income numbers as well and the number of special education students.

## Same thing with AMS . . .

|  |  | 2011-12 October <br> Enrollment | 2012 MCAS \% <br> Proficient or Higher |  |  |  |  | Math | 2012 MCAS Growth <br> Median SGP <br> Science ELA |  |  | Math |

- No other communities in our geographic region have a $5^{\text {th }}-8^{\text {th }}$ grade span, and both Amesbury's low income and special needs populations are substantially higher than our geographic neighbors..

## We Are Growing!

With the exception of $6^{\text {th }}$ grade math (where we saw tremendous growth over last year), APS has a higher percentage of students in Advanced/Proficient than the state in all other grade levels and subject areas.

## Highlights

$>$ Amesbury Elementary
$>$ Level 1 School again this year!!!
$>$ Making Amesbury the only district in the surrounding area to have all Level 1 Elementary schools
$>$ Had the highest increase in ELA scores for students proficient and above in grade 4 from $48 \%$ in 2012 to 71\%\% in 2013 (+23)!
$\rightarrow$ Cashman Elementary
$>$ School Percentile is 75\%--CES is doing better than $75 \%$ of all other elementary schools in the state!

## Highlights Continued

$>$ Amesbury Middle School
$>$ Growth in math at $5^{\text {th }}$--increased from 50\% A/P to $62 \% \mathrm{~A} / \mathrm{P}$ !
$>$ Amesbury High School -what's to say?
$>$ Over a four year period:
$>$ Grade 10 ELA - increase number of advanced and proficient from 86\% to 94\%
$>$ Grade 10 math - increase number of advanced and proficient from 81\% to 88\%

## We Are Solution-Oriented!

- New Measures of Academic Progress (MAP) Evaluation Tool-gives "real-time" data of student progress three times during the year-more time and a better tool for identifying interventions.
- Updated ELA (K-4) and new math (K-8) curriculum aligned to the Common Core with better assessments and better interventions for "high needs populations."

# Summary <br> <br> Amesbury Has A Lot To Be Proud Of 

 <br> <br> Amesbury Has A Lot To Be Proud Of}

- Recommendations:
- Identify District Trends that need continued improvement
- Math scores across all grade levels (true statewide), science and technology scores, and specific grade levels where scores have remained flat.
- Continue curricula revisions in ELA and math to align to the national Common Core Standards.
- Continue work of administration and faculty to engage in thoughtful, data-driven, decisionmaking using MCAS assessments along with other assessment sources.

## Student Success \#1 Priority!!

- With a clear understanding of our goals and support from the Amesbury community, academic achievement and student success will continue to be our \#1 priority.
