

## SCHOOL COMMITTEE POLICY

AMESBURY PUBLIC SCHOOLS

### **STUDENT FUNDRAISING ACTIVITIES**

**IGDF**

The Committee acknowledges that many school groups seek to supplement school programs and activities by raising funds, through various activities, and donating them to the school system. While the Committee generally appreciates these endeavors, it is concerned about issues of safety and liability of schoolchildren representing an organization which solicits funds through sales or donations in the community. The Committee especially discourages activities which might involve students in door-to-door solicitation.

Such groups must also be aware that fundraising activities require coordination, with regard to both the methods and the frequency of fundraising. All groups which intend to utilize students to raise funds for any school-related activity or program shall submit, in writing, a description of the proposed fundraising project. Each proposal shall include information pertaining to the reasons for the project, methods of fundraising, coordinators, solicitors, timelines, and anticipated goals, and shall be submitted to the principal(s) of the school(s) for approval. Principals will then forward form IGDF-E to the Superintendent's office for placement on the Master Calendar.

Any community organizations desiring to distribute flyers or other materials to students in connection with fund drives may do so only with the approval of the Superintendent.
