August 2021

Dear Families,

Though in many ways it feels as though we just sent our students home for the summer, here we are eagerly anticipating the opening of our doors for another exciting year of learning. All of our staff at Amesbury Elementary and Cashman Elementary are ready to welcome you and your children with open arms. The start of a school year is always filled with possibilities and promise. We look forward to working with all of you to ensure joyful explorations, deep learning, and tremendous growth for each and every child!

Success for all is achieved when schools and families work together. Our ultimate goal is to create a love of learning within every child which is best realized through a strong home-school connection. We strive to build effective partnerships with families, caregivers, community members, and organizations. We encourage each family to become active participants in our school community and to collaborate with teachers to support each child's unique learning journey.

We have several strategies in place to support this communication and encourage you to utilize these tools to better understand our schools and district. These include our district and school websites (www.schools.amesburyma.gov) as well as the Wednesday Poly and individual classroom newsletters. Please remember that you are able to have the Wednesday Poly automatically delivered to your email account simply by signing up under the Parent Communication tab on each individual school website. The goal of each of these communication methods is to keep you better informed of the happenings in our schools and classrooms.

We ask that you take some time as we begin our school year to carefully read this handbook. Our public schools operate under federal, state, and local laws and policies to provide a safe and enriching environment for our students. This *Family Handbook* provides you with vital information for the 2021-2022 school year. Please take the time to become thoroughly familiar with the contents. We also ask that you share the appropriate parts of the handbook with your child(ren). The *Family Handbook* is the foundation on which we can build a powerful partnership with our families based on trust, supporting our common goal of providing the best education possible for our students.

Again, we wish to emphasize that working together is the best way to ensure success for all and communication is the basis for this achievement. Please do not hesitate to contact us with any questions that develop over the course of the school year. Thank you in advance for your help and support to ensure our students' success!

Sincerely,

STUDENT HOMEROOM/CLASS ASSIGNMENT

Each grade level teaching team meets in the spring to assign students to homerooms for their next grade placement. The teachers, who have gotten to know their students very well, consider many factors during the placement process. Among them are a balance of boys and girls in the class, learning styles, personality traits, and the social dynamics of the class as a group. The teachers make every effort to place each student in a homeroom where he or she will have a successful and rewarding school experience. If you have information about your child and their learning needs that you think would help the staff make an appropriate placement, we ask that you send this information in writing to the office. In doing so, please do not request a particular teacher, but, you are invited to describe the kind of setting in which you think your child will learn and perform best. Teachers will then include this information as one of the factors they consider when making homeroom assignments.

REPORT CARDS

To keep parents fully informed about the progress of their children, the schools send home report cards during the year. This year's dates are: Report Cards, Dec. 2; March 17; June 17. If you ever have a question about your child's progress, contact your child's teacher to set up an appointment to discuss this.

HOMEWORK

Homework Philosophy Statement

It is our belief that homework connects school and home. Assignments reinforce the curriculum, promote learning by developing thinking skills, responsibility and good work habits. Students learn to be responsible for their own assignments beginning in Kindergarten. All students are expected to complete assignments to the best of their ability and return them to school on the due date. The success of any homework assignment is dependent on the student's attitude and parental support.

Homework Suggested Time Guidelines

The following guidelines are suggested for each grade, allowing for flexibility based on teacher judgment and on the needs of individual students.

Kindergarten:

Selected assignments may be given to encourage an individual student's growth, independence and responsibility. In addition, at-home, read-aloud time of fifteen minutes nightly is recommended.

Grade One:

Homework assignments will be given to the students three to four nights per week. Weekday study time should not exceed fifteen to twenty minutes. In addition, at-home read aloud time of fifteen minutes nightly is recommended.

Grade Two:

Homework assignments will be given to the students three to four nights per week. Weekday study time should not exceed twenty to twenty-five minutes. In addition, at-home read aloud time of fifteen to twenty minutes nightly is recommended.

Grade Three:

Homework assignments will be given to the students four nights per week. Weekday study time should not exceed thirty minutes. In addition, at-home reading time of twenty to thirty minutes nightly is recommended.

Grade Four:

Homework assignments will be given to the students four nights per week. Weekday study time will not exceed forty minutes. In addition, at-home reading time of thirty to forty minutes nightly is recommended.

For All Grades:

Projects and long-term assignments may be incorporated as part of regular homework assignments and occasionally may require additional time. It is recommended that each student participate in the practice of reading at home, beyond the nightly homework assignment.

To help students succeed with their homework or home/study we have several suggestions for parents:

1. Provide a suitable area for these activities, one that is free from distractions such as the television.
2. Have a location where children leave assignments after they are completed.
3. Use the classroom assignment record and plan long term projects and assignments.
4. Be involved as much as possible with your children's homework or home/study, both to assist and to provide encouragement.
5. Establish a consistent homework/home/study time that fits in with other scheduled activities and obligations.
6. Organize helpful study resources in shoeboxes or similar containers:

The Project Box - colored markers, colored pencils, ruler, glue stick, tape, paints and brushes, scissors, construction paper.

The Math Box - calculator, flashcards, and measurement table glued to cover, place value chart, compass, protractor, graph paper, scratch paper.

The Language Arts Box - Lined paper appropriate to age level, dictionary, list of commonly misspelled words glued to lid, school editing checklist, thesaurus, copy of punctuation and capitalization rules, blue ink pens, pencils, index cards for research.

Homework During Absence

If your child is going to miss more than one day of school, and they are well enough to work at home, please make your request for homework to the office by twelve o'clock. This will allow the teacher time to assemble the assignments and necessary materials and to get them to the office by the end of school. You can pick them up there before 4:00 PM. If a friend will be bringing the assignments home instead, please tell the office the child's name and the name of his or her homeroom teacher.

Students who are absent for several days should make arrangements with their teacher to complete any missed assignments and to receive any needed extra help.

Section 3: Attendance

SCHOOL HOURS

The school day for students in grades K-4 begins at 8:30 AM and it concludes at 3:00 PM. Students not in school by 8:40 are marked down as tardy, and they should have a note with them explaining their tardiness. Students are marked as absent if they do not arrive in school by 11:45, or if they are dismissed for the day prior to this time. Supervision outside AES and CES is provided at 8:20 AM, so students should not arrive prior to this time. Only students who have permission from both their teacher and their parents may remain at school after 3:00.

ABSENCES AND DISMISSALS

Keeping track of all of the students in the schools is an enormous job. To help the office personnel to do this job effectively, we have the following procedures, which we need you to follow.

If your child will be absent or tardy by more than twenty minutes on a particular day you should:

- Send us a note saying what day or days your child will be absent or tardy,
- or
- Phone the school (AES 978-388-3659 or CES 978-388-4409) on the day before or by 8:40am on the day of the absence. An answering machine will take your message when school is not in session. Please leave your child's name and the name of their homeroom teacher.

If your child is not in school by 9:00 a.m. and the school has not been notified, we will have our automated calling center call your "primary contact number" and/or leave a message on your answering machine.

Please post this number by your phone or in some conspicuous place in your home. (AES 978-388-3659) or CES (978-388-4409)

Dismissing Students

If you need to dismiss your child early on a particular day, please send a letter to the homeroom teacher and the office. In this way, your child can be prepared to leave at the appointed time. When you come in to pick up your child, be sure to sign the dismissal book at the front desk. If your child is not waiting for you in the lobby, the office staff will page them for you.

Learning in school takes place during the entire school day. The last part of the day, when teachers and students bring closure to the day and plan for homework and the next day's lessons and activities, is as important to the students as is the early morning. We ask that you not come in to dismiss your child during the last fifteen minutes of the school day, except in the infrequent case of a specific need. This will help allow teachers to bring the day to an end free of interruptions from the office. Your cooperation in this matter will be appreciated by everyone.

Dismissing Children to People Other Than a Parent or Guardian

We are very careful here in Amesbury about dismissing children. Identification will be requested from people that we do not recognize. If there are people whom you expect you might want to have come pick up your child, please fill in their names on the form provided by the office, sign it, and return it with the other materials. We will keep these forms at the office. Also, if we were told that the school had to be evacuated we would treat this form as permission to release your child at the host facility to the persons named, unless you specify otherwise.

COMINGS AND GOINGS

The opening and closing of each school day is a busy and somewhat hectic time. Please follow these procedures so that our children, families, busses and visitors can all enter and exit our school safely. Your patience and cooperation will help us manage each day safely and happily!

Coming By Car in the Morning

Cashman School : Children may be dropped off between 8:20 and 8:30 at the curb beside the entrance near our gym. Staff and volunteers will be on duty to assist children and families as our day begins. Please be sure to watch for signals and remind your children to use the crosswalks.

Amesbury Elementary School: To ensure that busses can safely enter the school parking lot and discharge students, and so that students can safely walk through the school grounds, please follow these directions when driving your child to school:

Children may be dropped off when adult supervision is outside between 8:20 & 8:30 .

Please do not enter the traffic circle in front of the school because busses will be unloading there. Instead, please enter the parking lot and follow the signs. Discharge your child only at the second crosswalk when directed to do so by one of the adults on duty. It is important that you follow these guidelines to ensure the safety of all children.

School Bus Policies and Procedures

Massachusetts General Laws Chapter 71, Section 68 mandates free public transportation for those students in grades K-6 ONLY who live more than TWO miles from the school that they attend. The new Amesbury Public Schools transportation policy provides free bus transportation for all students in grades K-6 who live at least 2.0 miles from their assigned school. Students in grades K-6 who live within the 2.0 mile limit and all students in grades 7-12 will be assessed a transportation fee.

The transportation fee will be: \$187.50 per student / \$337.50 family maximum. There is no option for one way transportation. Students eligible for free or reduced lunch may apply for a reduced fee. Busing will continue to be provided for those Special Education students whose individualized education programs require it.

If your child rides a bus, he/she will only be allowed to ride his/her assigned bus. If an unanticipated situation arises where your child needs to ride a different bus on a particular day please contact Salter Transportation 978-462-6433 to confirm that space is available on the requested bus.

If your child will need to get off the bus at a different stop or ride a different bus on a regular basis, for daycare, for instance, write a letter to the office stating what bus your child will need to take, where they will need to get off, and the reason for the change. The bus company and bus driver will also need to authorize this change. You should know that because of space restrictions on some busses, your request may be denied.

If you have any questions about or problems with bus transportation, please call Salter Transportation at: 978-462-6433 xt. 45

Picking Up Children By Car During the Day or at the End of School

Cashman School

If you are stopping by the school during the school day to drop off items or make a quick visit you may use the visitor parking in the traffic circle by the Cashman main entrance.

If you are picking up your child at the end of the day please join the line that forms to the right side of the driveway. Our staff and volunteers will guide you to stop along the curb beside the entrance near our gym (near the handicapped parking) to pick up your child. Again, please be sure to watch for signals and remind your children to use the crosswalks.

Amesbury Elementary School

If you come to pick up your child at any time during the day please park in the marked spaces. This will keep the fire lanes in front of the school open.

Many students at AES either walk or ride their bike to school each day. In the interest of their safety, and that of the bus students, please follow this procedure: At the end of the day, please join the line that forms in the driveway. After all the busses have left, you will be signaled to drive

around the traffic circle to pick up your child at the curb. There will be many cars, so please take care when pulling away from the curb.

Walking and Riding Bicycles to/from School

If your child normally rides a bus to school, you will need to send a letter to the office if your child will be going home by any other means. If they will be frequently riding a bike or walking to and from school, send in a letter stating the days when they will be doing so. The office will keep this on file for you.

If your child will be walking or riding a bike to school, please review with them safety procedures. For bicycles, this means the following:

- riding on the right side of the road near the edge of the pavement
- walking the bicycle across streets at marked crosswalks
- wearing a helmet
- not riding "double"
- walking the bicycle through the school grounds

There will be a crossing guard on duty in the mornings and at dismissal time. Walkers should stay on the sidewalks and use the available crosswalks. This is especially important in the snowy winter months, when it is difficult for drivers to see around corners, the roads are narrowed by snow piles, and vehicle stopping distances are markedly increased. We also recommend that students secure their bikes with a lock or other security device.

Section 4: Policies and Procedures

BUILDING SECURITY AND SCHOOL VISITS

For the safety and security of everyone it is important that we know who is visiting our schools and why. Therefore the only door by which parents and other visitors are to enter school buildings is the main entrance. Upon entering the building, all visitors, including parents, are to go straight to the school office to explain the reason for their visit. They should then sign in, obtain and wear a visitor pass. Prior to leaving, visitors should sign out and return the pass.

We encourage parents to come in and see the school. You should make an appointment for a visit so that someone can be available to show you around, teachers can be notified, and student learning will not be unduly interrupted.

Just a reminder that parents may not go to classrooms to give lunch money, library books, sneakers for gym, snacks, etc. We ask that you please inform one of the secretaries and your child will be called to the office.

CARE OF EQUIPMENT AND SUPPLIES

The schools make every effort to supply students with the supplies and materials they will need for learning in school. All of these are in limited supply, however, so we encourage students to use them responsibly. Materials which are damaged through abuse or misuse will need to be replaced by the student or students responsible.

Textbooks are loaned to students, but it is each student's responsibility to take care of them and return them to the school in good condition. They should be covered at all times, and students should not mark them or mistreat them in any way. Novels are also frequently loaned to students and these, too, need to

be used carefully. The school will fine a student for any book that is damaged or lost, so that we can maintain a sufficient supply of usable books for future students.

LIBRARY

With the start of another school year, children in grades kindergarten through four will be able to check out books and materials from the school libraries..

We hope that you will read and enjoy these materials with your child. Please be aware that parents will be responsible for the replacement costs of lost or damaged books and materials that are checked out to their children. If, for some reason, you do not wish to have your child bring library books home from school, please send us a note or call the school to let us know.

PERSONAL PROPERTY

We work hard to make the schools a safe and secure environment, but we still urge children to leave toys, personal electronic devices, headphones, cell phones, skateboards, rollerblades, aluminum or wooden baseball bats, and other valuable possessions at home. These items can sometimes interfere with learning in the class or can lead to conflicts on the playground. Students who bring valuable items to school do so at their own risk.

Each school has a lost property area, which you can look through at any time after checking in at the office. It would help a lot if you would mark coats, sweaters, lunch boxes, etc. with your child's name (but not conspicuously on the outside so as to allow a stranger to learn your child's name). Unclaimed lost property is periodically donated to local charities.

PROBLEMS AND CONCERNS

If you have a problem, question, or concern, it is important that you clearly communicate this to the person most closely involved with the situation. For more information please refer to APS Policy KE – Chain of Communication for Parent/Guardian at the end of this handbook.

SCHOOL COUNCIL

As part of the Massachusetts Education Reform Act, each school has a school council. This representative group consists of equal representation of teachers, parents with children in the Cashman and Amesbury Elementary School, as well as members of the community who do not have children at the school. They are an advisory group which, with the principal, have the responsibilities of identifying educational needs of our students, developing educational goals for the school, formulating a School Improvement Plan, and reviewing the annual school budget. All meetings are open to the public.

Each council member serves a two-year term. Parent representatives are elected at the Fall P.T.O. Information Night; staff representatives are elected in the fall. Anyone interested in becoming a member of the council should speak with the principal.

SNACKS IN SCHOOL

With the heightened level of concern about food allergies it is important that parents provide snacks and treats only for their own children and that children do not exchange snacks with others. You will receive specific information from your child's teacher regarding snack procedures. [See also 'Allergy Policy' in the Health section]

STUDENT DRESS

In accordance with school committee policy #JICA, students are expected to come to school dressed in neat and appropriate clothing. Extreme forms of dress which may be distracting to students are not allowed. Also, clothing which displays violence or obscene or harassing language must not be worn to school. Students are not allowed to wear hats in the building.

STUDENTS AND THE MEDIA

From time to time, as a way of informing the community about the work of our schools, names and images of students will appear in the press and on television. If you would prefer that your child not be seen or mentioned, please contact the school and we will make every effort to see that it does not happen.

VOLUNTEER PROGRAM

Amesbury is extremely fortunate to have many people in the community who are willing to share their time and talents with students and teachers in school. Some adults read with students, others help students practice skills such as computation, and still others share with student's special talents such as quilting. If you would like to volunteer your time and work with students in the school, please contact the school office, which will put you in touch with the volunteer coordinator. All volunteers will be required to complete a CORI form prior to volunteering. Chaperones on field trips also need to complete a CORI form.

Our students and schools will both be better as a result of your efforts.

Section 5: Discipline

SCHOOL RULES AND CODE OF CONDUCT

General School Expectations

To ensure our school is a place where students feel safe and secure and therefore able to learn, we will teach, reinforce and practice behaviors to support students' success. In the event there is an incident outside of these expectations, we will consult and follow the code of conduct for our school. The code of conduct will reinforce the 3 core values within our school community: safety, kindness, and responsibility.

1. We keep ourselves and other members of our school community safe through our choices. Fighting, verbal abuse or threats, and other unsafe behaviors are not tolerated.
2. We treat others in the way that we wish to be treated ourselves. Kind words and actions are expected to promote a positive school experience for all.
3. It is the responsibility of everyone in the school to use supplies wisely, walk through the school quietly, and to keep the buildings and grounds clean.

In order to support students' ability to follow these school expectations, teachers and staff explicitly teach students expected behaviors in various school settings including, but not limited to, classrooms, cafeteria, recess, and bus. Students who struggle to meet these behavioral expectations may be retaught the expectations in order to best support their learning.

Consequences

Students who continue to demonstrate difficulty following these school expectations may face reasonable, appropriate consequences. These consequences are intended to support the student and educate rather than be punitive.

Initial consequences are most often implemented by the classroom teacher and may include loss of privilege, brief break or a call or note home. Should these behaviors persist or be of a more serious nature, the student will be referred to a school administrator. Meetings may be scheduled with the student and family in order to best address these continued or serious concerns.

Issues of a more serious nature may also result in suspension. These include, but are not limited to, those listed below:

When appropriate, in the case of a serious offense, the school will follow the guidelines contained in the Memorandum of Understanding between the School Department and the Amesbury Police Department.

The goal of the discipline system is to foster students' understanding of the ways in which their behavior affects the entire school community so that they will be able to responsibly direct their own behavioral choices both in and out of school.

All students are expected to behave within the guidelines outlined above. The only exceptions are those students who have been found through assessment by an evaluation team to have special needs and whose program is discussed in an Individualized Education Plan. In these cases we will follow the provisions of Massachusetts General Laws, Chapter 766.

Section 6: Student Services

SPECIAL EDUCATION PROGRAMS

In an effort to best meet every child's educational needs, the school has had a long history of integrating students with special needs into regular education classrooms. Special Education services, then, are provided by classroom teachers and by special education teachers, tutors, and aides. The amount of integration for each child is determined by their specific needs and characteristics, in accordance with the provisions of Chapter 766 of the Massachusetts General Laws.

DISTRICT/TITLE I PARENT INVOLVEMENT POLICY

The goals of the Title I program at both Amesbury Elementary School & Charles C. Cashman Elementary School is to involve parents in their child's education. Research supports that engaging families in education is essential to student success. With that in mind we propose to:

- Support the District/Title I Parent Involvement Policy adopted by the School Committee on January 18, 2005.
- In writing inform all parents/guardians of children identified for participation in the Title I program of their child's eligibility. Notify parent(s)/guardian in writing when a student is exited from the program with details as to why.
- A Title I Open House will be held at the beginning of each school year to inform parents about the program, assessments, and the curriculum.
- An individual conference will be held with parents, title I staff, and the classroom teacher to discuss the School/Parent compact which outlines teacher, student, and parent responsibilities.
- Progress reports will be provided 2/3 times during the school year (at report card time) to inform parents of student progress.
- Parent trainings and workshops will be offered throughout the school year. Parents will have the opportunity to learn how to help their child at home. Communication will be ongoing and may include: newsletters, phone calls, and other notices sent via the children for attendance at parent/family literacy events.
- An Advisory Committee will meet at least three times per year. This committee will include parents of Title I students, Title I staff, classroom teachers, and school principals. This committee will meet for the purpose of on-going program planning and evaluation.
- In order to foster parent involvement, Title I parents will be able to check out a variety of materials from the Parent Resource Library located in the school for use at home. These resources may include videos, books, math manipulative, and other materials aimed at building math and reading skills.

AMESBURY PUBLIC SCHOOLS PRE-KINDERGARTEN PROGRAM

The program enrolls children with and without special needs. A trans-disciplinary team provides support to create a successful inclusionary environment for all of the children in the classroom. The staff work together to create a classroom environment that is welcoming, secure and stimulating and nurtures a love and respect for learning. Our program utilizes developmentally appropriate practices through teacher directed and child centered activities. The Amesbury Pre-K/Kindergarten Program provides a nurturing and supportive learning environment for your child to grow in the areas of physical, cognitive, social and emotional development. The Pre-K team works with families to determine the best program to meet and support the needs of each child.

Location and Schedule

Pre-K classes are located at Amesbury Elementary School and at Cashman Elementary School.

The half-day program runs Monday, Tuesday, Wednesday, and Thursday with the AM session running from 8:30 to 11:15 (AES), 8:45-11:30 (CES) and the PM session running from 12:15 – 3:00 (AES) and 12:30-3:15 (CES) The full day programs run from 8:30-1:30 M-F.

Additional therapies are available between 11:30-1:30 to meet individual needs

School Calendar

The Pre-K Program follows the Amesbury Public School calendar, with a few changes at the beginning and end of the school year. The integrated Pre-K Programs include home visits and transition days during the first week of school, and class ends a week earlier in June than the regular school. There are NO Pre-K Program classes during Preschool Screening. There is no afternoon Pre-K held on the PRT days

No School and Delayed Opening

The Pre-K Program will be canceled on days that the Amesbury Public Schools are closed because of poor weather/road conditions. Cancellation of school is for both morning and afternoon sessions of Pre-K. If weather conditions are likely to improve, the Superintendent of Schools may schedule a later opening. A delayed opening means that there will be NO morning session for Pre-K, and the afternoon session of Pre-K will begin at the regular time.

Transportation

Parents are responsible for transporting their preschooler to and from school. Parents are requested to escort their child to the school and to pick them up each day. Your prompt arrival at both the start and end of the day will help with the school-home transition for your child.

Children arriving twenty minutes after the scheduled starting time must report to the school office with a parent before going to the classroom. Please write a note to your child's teacher if your child will be leaving school early and always remember to sign in and out at the office.

Tuition Payments

Tuition payments are due on the first day of each month (Sept. – May) in monthly installments of \$280.00 for all programs. A one time non-refundable \$140.00 registration fee is due when enrolling your child into the Pre-K Program. Payments by check or money order should be payable to Amesbury Public Schools. Each payment should be dropped off in the school office in an envelope that has your child's name and "Pre-K Program" noted on it. All payments are non-refundable. Families have the opportunity to make up one late payment. Your child will be dropped from the Pre-K Program after two late payments. Please note that payments are based on a monthly rate, and not on the number of days per month that your child attends school. All parents/guardians are responsible for tuition payments unless there is a signed IEP or 504 Plan in effect.

HEALTH INFORMATION

The health offices are staffed by certified School Nurses. They follow the policies and procedures outlined below. If you have any questions or concerns, please contact the nurse at the health office in your school.

Health Services

If an accident or illness occurs, first aid will be administered and parents notified when necessary. No care beyond basic first aid will be given by the school nurse or other properly trained school personnel. First aid is defined as immediate temporary care. If further attention is necessary, care and movement of

the student will be directed or provided by the parent. If the parent or designee cannot be located and immediate emergency medical attention is needed, 911 will be called and the student will be transported to the nearest emergency facility.

Only those designated on the Health Emergency Cards will be contacted or allowed to pick up a student. Please keep your child's emergency card updated with current information.

Medication Policy

If it is necessary for your child to receive medication during the school day, please adhere to the following Medication Policy:

1. **Prescription Drug Procedures:** Any student who is required to take medication during the school day must comply with the following regulations
 - a. Written orders from a physician detailing the name of the drug, dosage, and time interval, is to be given. A properly labeled medication bottle from the pharmacy with the student's name printed on the label is acceptable for short term medication. Student's requiring long term medication should have a medication administration plan on file.
 - b. Written permission from the parent/guardian of the student requesting that the school system to comply with the physician's order must be given.
 - c. Medication **MUST** be brought to school in a container appropriately labeled by the
 - d. pharmacy or physician.
 - e. Each medication given on an ongoing basis must be recorded, which includes date, time and initials of the person giving the medication.
2. **Non-prescription Drug Procedures**
 - a. Written permission from the parent/guardian must be provided and include the name of the drug, frequency and indications for administration.
 - b. The school system physician will approve certain over the counter medication with parent/guardian permission. Administration of the medication shall be recorded on the individual's health log.

Parents should take advantage of a service offered by local pharmacies. Medications can be divided into two separate containers, one for home and one for school use. Over the counter medications can also be dispensed provided it is received in its original container. No medications will be administered that are not provided in its original container. Empty pharmacy bottles will be sent home with your child for refilling. Prescription medications must be brought to school by a parent/guardian. Consent forms may be obtained from the health office as needed. All medications must be picked up in the health office by the end of the school year. Any remaining or discontinued medications will be discarded.

Immunizations

Massachusetts immunization regulations specify minimum immunization requirements for enrollment in school (105 CMR 220.000). These regulations are revised periodically to incorporate any changes in the requirements. The law provides for exclusion of students from school if immunizations are not up to date, but permits exemptions for students covered under the McKinney-Vento Act, for medical and religious reasons. The Amesbury Public Schools are required to follow the state laws governing immunization (see Chapter 76, Section 15 of Massachusetts General Laws). Children will not be allowed to attend Amesbury Public Schools unless the following requirements are met upon registering. Parent/guardian will be expected to supply current immunization documentation, a copy of a current physician's examination of the student and a signed release to obtain immunization records from the previous school. Documentation of non-compliance will be referred to the building principal for follow-up.

Head Lice

Non-Exclusionary Protocol Concerning Head Lice

The Amesbury Public Schools is committed to maximizing students' academic performance and physical wellbeing in a healthy and safe environment. The District recognizes that head lice infestations do not pose a health hazard, are not a sign of uncleanness, and are not responsible for the spread of any disease. However, archaic policies cause unnecessary absences from school with potential negative effects on academic performance. Misinformation about head lice causes anxiety for parents and school staff.

The District defines a healthy and safe environment as one in which adults work together to provide the following environmental factors established by current research as necessary for the health and wellbeing of students with head lice:

Educating staff, students, and parents/guardians about head lice.

Establishing evidence based management for students with head lice.

The goals of providing a healthy and safe environment for students with head lice are to:

Manage head lice based on scientific and medically justified evidence

Minimize absence due to unnecessary exclusion of students with head lice

Maximize academic performance

Body Mass Index (BMI)

The Body Mass Index (BMI) Screening Program is for grades 1, 4, 7 and 10. BMI is a measure that is calculated using a formula that includes an individual's height and weight. A BMI can be a useful tool in identifying possible health risks including abnormal lipids, high blood pressure, and diabetes. BMI information collected on students is intended to be a screening tool and is not a diagnosis of under or overweight.

Illness

Students must stay home if they have the following:

- A severe rash or skin condition not diagnosed by a physician
- A fever that causes chills, sweats, or muscle aches or a temperature of 100 within 24 hours.
- Vomiting or diarrhea
- Inflamed eyes, with yellow or green drainage
- Bacterial infection not treated for less than 24 hours, for example, strep throat.

Section 7: Co-Curricular Activities & Athletics

ENRICHMENT PROGRAM

The P.T.O. periodically sponsors enrichment programs after school hours. These stretch students' minds and often offer experiences not offered elsewhere in the curriculum. Classes offered in the past include conversational French, cooking, computer literacy, beginning martial arts, and crafts. Each program runs for several weeks and there is a nominal fee for each one. A flyer will be sent home providing more detailed information about these programs after the school year begins.

EEAB-R - DISABLED STUDENT TRANSPORTATION DROP-OFF PROCEDURE

In the event that a parent/guardian or designated person is not at a student's designated drop-off location, van drivers are required to do the following:

1. Call the parent, using the home phone number provided on the van's schedule for the run. If there is no answer, the van driver must leave a message indicating that the student has been retained on the van and that the student will be returned to the school of origin when the van's route is complete.
2. Call the school of origin using the telephone number provided on the Important Phone Number list. Inform the school of origin that the student will be returned to the school when the van's route is complete.

If a student cannot be left at the designated address by the van driver, the school of origin is responsible for the student. The school of origin will contact the police department if no other family contacts are successful.

This procedure shall be used for all students K-5 unless a parent has requested otherwise. Dependent upon the needs articulated in the IEP, this procedure may be implemented for older special education students.

EEAC - STUDENT BEHAVIOR ON SCHOOL BUSES

The right of students to ride a school bus is contingent upon their good behavior and observance of established regulations.

The driver of a school bus shall be responsible for the safety of students while riding a bus both during the ride and while students are entering or leaving the vehicle. It is the bus driver's responsibility to notify the principal of the student involved in violation of the established regulation. The School Committee recognizes the right of principals to suspend bus privileges as a consequence of student misbehavior relating to bus transportation. If a student loses his/her bus transportation privilege, the transportation fee will not be refunded. Responsibility for transportation then rests with parents/guardians.

In the interest of supporting principals and bus drivers the School Committee authorizes the use of audio/video monitoring devices on school busses. Tapes from these devices may be used exclusively to aid in the investigation of incidents. Only those involved in the investigation, including parents, will have access to the tapes. Otherwise, all tapes will be erased within seven (7) school days of taping. Notification of the use of these devices will be included in student handbooks and/or in writing to parents/guardians.

In order to ensure the safety and welfare of student riders further, the Superintendent will provide a school safety program that will include the following:

1. Children will be instructed in the proper procedure for boarding and exiting a school bus and the proper and safe conduct while aboard;
2. Emergency evacuation drills will be conducted at least twice a year to acquaint student riders with procedures in emergency situations;
3. All vehicles used to transport children will be inspected periodically for conformance with state and federal safety requirements; and,
4. Classroom instruction on school bus safety will be provided.

EEAC-R1 - STUDENT CONDUCT ON SCHOOL BUSES: REGULATIONS

Any student using school provided transportation shall be subject to appropriate regulations. School principals are required to establish specific rules and regulations that apply to their individual schools based upon School Committee policy. While individual or unique incidents of disruptive behavior may occur, the regulations related to student behavior, applicable to all student riders, which are expressly stated by the School Committee, include, but are not limited to, the following:

Procedures for Drivers, Administrators, and Parents

1. In case of misconduct on a bus, the incident will be reported to the school principal on the proper form. The school principal will report the incident in writing to the parent/guardian concerned, with a copy to the Superintendent of Schools. Based on the reported incident, the principal may suspend the individual student's bus privileges.
2. In case of repetition by the same student, the principal may suspend the student's transportation privileges until a conference with the student's parent/guardian is held to discuss the individual student's behavior.
3. If a satisfactory solution to the student's behavior, which provides for the safety and welfare of other student bus riders, cannot be reached, the student's transportation privileges may be terminated. Parents may appeal a decision to the Superintendent of Schools. The responsibility for transporting the student to school will then rest with the parent/guardian.

Loading and Unloading at Bus Stop

1. Riders must be on time. Bus drivers will not wait.
2. Riders will enter or leave the bus at regular stops only.
3. Orderly behavior and respect for private property will be required.
4. Instructions and directions of the driver must be followed by the riders.

Required Conduct Aboard the Bus

1. Riders must remain in their seats when the bus is in motion.
2. Whistling and shouting are not permitted.
3. Profanity and obscene language are forbidden.
4. Smoking and eating are prohibited.
5. Prohibitive disturbances include but are not limited to the following

- Pushing or wrestling;
- Annoying other passengers or disturbing their possessions;
- Disturbing the driver;
- Throwing objects within the bus or out of windows;
- Climbing over seats;
- Opening or closing windows;
- Leaning out of windows;
- Littering the bus; and
- Any other disorderly behavior.

6. Parents will be held responsible for any defacing or damaging of the bus.

Parents and students will be informed of these regulations at the beginning of each school year, and parents will be asked to return signed forms indicating that the regulations have been received and read.

EEAEB - VEHICLE IDLING REDUCTION

Idling vehicles pollute the air and present several health and environmental hazards. Gasoline and diesel vehicles produce carbon monoxide, carbon dioxide, volatile organic compounds (VOCs) and oxides of nitrogen (NOx). Carbon monoxide causes respiratory distress and in high concentrations can be lethal; carbon dioxide is a primary contributor to global warming; and VOCs and NOx form ozone, ground-level smog and impair lung function. In addition, diesel exhaust contains fine particulate matter, which the U.S. Environmental Protection Agency has designated as a likely carcinogen. The elderly, chronically ill and children are all particularly vulnerable to these health effects because their lung function is respectively decreased, impaired or still in development.

In addition, Massachusetts General Law (MGL Chapter 90, Section 16A) and the Massachusetts Department of Environmental Protection (DEP) idling reduction regulation (310 CMR 7.11(1)(b) both prohibit unnecessary vehicle idling by stating that the engine must be shut down if the vehicle will be stopped for more than five minutes. Exemptions include: 1) the vehicle is being serviced and the idling is required to repair the vehicle; or 2) the vehicle is making deliveries and needs to keep its engine running (to power refrigerators, for example); and, 3) the vehicle's

accessory equipment needs to be powered, such as a fork lift or a truck's rear dump bed, or a wheelchair lift in a bus or van.

In order to reduce the health and environmental effects of vehicle exhaust, comply with the state's idling reduction regulation and law, and decrease our use of fuel by reducing unnecessary idling, the following actions shall be implemented to the maximum extent practicable:

The school system will make idling reduction a common practice by inserting the law and this policy into all future contracts with bus vendors, place signs in appropriate school spaces, and inform the community of our standards through school-based discussions, school committee meetings, and our website.

EGAF - CELL PHONES AND PORTABLE COMMUNICATION DEVICES

The School Committee recognizes that today's society is different from previous generations. Cell phones and portable communication devices (PCDs) play an important part in employee and student safety and communications. Cell phones and PCDs are defined as current and emerging technologies that are wireless units that send and/or receive electronic communications in an analog or digital data transmission. The possession or use of cell phones and PCDs are prescribed for employees and students as follows:

I. Employees

- a. Employees of Amesbury Public Schools are granted permission to possess and use cell phones and PCDs in the official job capacity consistent with their job descriptions.
- b. Employees who possess and use cell phones and PCDs in their official job functions will be provided a cell phone owned by the Amesbury Public Schools. The use of these units is for school business only. Any personal calls may be charged against the employee if the call causes a financial charge to the district.
- c. Administrators and designated employees who are issued school-owned cell phones should keep their phones on and charged during the school day and while conducting school business/events.

- d. Employees who own a personal cell phone and/or PCD must ensure that the device does not ring or interrupt the academic classroom environment or the job performance of the employee. Employees must take pro-active steps to ensure that the cell phones do not ring during their instructional hours.
- e. The school committee may review employee phone call records and charges for any school owned cell phone or PCD at any time.
- f. Taking photos, videos or any audio of anyone without their permission is prohibited.

II. Students

- a. Students may possess and carry cell phones and PCDs; however, these units must be turned off during the academic school day to ensure that disruptions and interference of the instructional and academic climate of the school do not occur. Please refer to building-specific policies as noted in student handbooks.
- b. The school administration may, in its sole discretion, grant exceptions for cell phones and PCD use based upon critical need and appropriate documentation.
- c. Students who violate this policy may face disciplinary actions by the administration. Additionally, cell phones that are used during the day may be confiscated. Repeated infractions may result in parent notification.
- d. Amesbury Public Schools will not be liable for any property not picked up within 2 school days.
- e. Taking photos, videos or audio of anyone without their permission is prohibited.

III. Public Meetings

- a. During all public meetings, any communication devices must be put in the "silent" mode. In case of an emergency interruption, an individual must excuse themselves from the meeting and communicate in a private location.

IJOA - FIELD TRIPS

The Amesbury School Committee recognizes that firsthand learning experiences provided by field trips are a worthwhile enhancement to the curriculum. It is the desire of the committee to encourage field trips as part of and directly related to the total school program and curriculum. Despite this, participation in field trips is voluntary and in the case of minor children, is subject to parental consent.

Specific guidelines and appropriate administrative procedures shall be developed to screen, approve, and evaluate trips and to ensure that all reasonable steps are taken for the safety of the participants. These guidelines and procedures should be developed by the Administration and reviewed and approved by the School Committee.

These guidelines and appropriate administrative procedures shall ensure that all field trips have the approval of the principal and that all overnight trips have the prior approval of the superintendent and the School Committee.

This policy applies to all student trips including:

1. Day trips that occur during regular school hours
2. Extended long distance or overnight trips that extend beyond normal school hours during the day or which require an overnight stay of at least one night
3. International trips

A. Trip Approval Process

1. All field trips require advance approval. Day trips shall be approved in writing no less than two weeks in advance by the building principal. Overnight trips shall require preliminary approval of the School Committee through completion of an overnight field trip request form developed by the Administration. Final approval will not be granted until all preparations for the trip have been completed including, but not limited to all logistical details involving transportation, accommodation arrangements, and fundraising efforts. The School Committee requires that final approval be sought no less than 30 days prior to the scheduled field trip dates.

2. The preliminary approval process shall be completed prior to engaging students in fundraising activities or other preparations for the trip. Requests for overnight field trips shall include an agenda for the trip which shows educational activities, enrichment activities, exploration activities, and the times during the days which will be devoted to these different activities. Once preliminary approval is granted, final approval will be

withheld only if the field trip does not adhere to the plan presented in the approved preliminary proposal.

3. Overnight trips shall offer significant educational benefits to students that clearly justify the time and expense of the trip. Such trips shall be appropriate for the grade level.
4. Teachers and other school staff are prohibited from soliciting privately run trips through the school system. The trip approval process applies only to school-sanctioned trips.
5. Procedures for trip approval shall take into account all logistical details involving activities, transportation, accommodations, fundraising required of students, and the educational value of the trip in relation to its costs.
6. Generally, field trips shall not repeat those that students have taken during recent years. Trips that are repetitive for a significant minority can be justified in exceptional circumstances.
7. The distribution and number of field trips during the school year cannot be arbitrarily defined. However, multi-grade field trips that are directly related to classroom study are preferable to those that are not. Field trips are generally not meant to be end-of-year celebrations, releases or rewards.
8. It should be remembered that field trips at some grade levels significantly interfere with education in other courses or classes because of the students' absence from school. The value of the trip should be considered versus educational losses. Substitutes shall be utilized to minimize educational losses for other classes.

B. Transportation

1. The use of vans or private automobiles for trips planned to include late night or overnight student travel shall generally be avoided. Such trips shall generally use commercial motor coaches.
2. Principals shall ensure that the selected carrier is licensed for passenger transportation by the Federal Motor Carrier Safety Administration (FMCSA).
3. The contract with the carrier shall prohibit the use of a subcontractor unless sufficient notice is given to allow verification of the subcontractor's qualifications.

C. Trip Scheduling

1. Overnight accommodations shall be made in advance with student safety and security in mind. The trip schedulers shall avoid planning student travel between the hours of midnight and 6 a.m., due to the increased risk of vehicular accidents during this time period.

2. Whenever possible, overnight trips shall be scheduled on weekends or during school vacations to minimize lost classroom time.
3. Trip itineraries must leave enough time for drivers to rest as necessary to conform with federal hour-of-service requirements.
4. Trip scheduling shall take into account the likelihood of delays due to weather, traffic, stragglers, and other unanticipated factors.
5. All field trips may be cancelled by the principal or superintendent up to the time of departure.

D. Fundraising

1. The amount of time to be devoted to fundraising shall be reasonable and commensurate with students' obligations for homework, after-school activities, and jobs.
2. Group fundraising activities are preferred. Students shall not be assigned individual fundraising targets.
3. If students are charged individual fees for participation, the district shall make every effort to provide scholarships where needed.
4. Any money, tickets, or reservations made through fundraising activities become the property of the Amesbury Public Schools.
5. Any funds remaining after completion of the field trip and after all outstanding expenses have been paid shall be gifted to the Extra Curricular school account to be used for extra curricular activities benefiting students.

E. Chaperone Ratios

1. Supervision on field trips is a critical factor and, given a new and less-structured environment, shall clearly be more intensive than in a school situation. Supervision shall also be sufficient to guarantee the educational goals of the trip. Every effort shall be made to have an equitable number of male and female chaperones, particularly on overnight field trips. The following minimum guidelines shall prevail:

Student/Teacher Ratio

Grade Level	PreK-Grade 4	Grades 5-8	Grades 9-12
Day Field Trips	8/1	10/1	12/1
Overnight Field Trips	N/A	8/1	8/1

2. The Amesbury community has expressed concern that pictures might be posted to social media sites without permission. To ensure students' safety and privacy, chaperones shall not post any photographs or videos of children (other than their own) to any social media site.

F. Permission/Releases

1. Regular day field trips require a signed parent permission slip with the exception of students over the age of 18 who may sign for themselves.

2. All field trips require a signed permission and liability release form.

3. All chaperones shall comply with current a CORI policy.

JBA - SPECIAL EDUCATION STUDENTS - DISCIPLINE

The disciplining of students with disabilities eligible for special education is governed by federal and state special education laws and the regulations promulgated thereunder. These laws include the Individuals with Disabilities Education Act, 20 U.S.C. 1401 *et seq.*, its implementing regulations 34 C.F.R. 300 *et seq.*; and Massachusetts General Laws, chapter 71B and its implementing regulations 603 C.M.R. [28.00](#).

Students with disabilities who violate school rules are subject to removal from their current educational placement for up to ten (10) school days per year, to the extent that such a removal would be applied to students without disabilities, without a prior determination as to whether the misconduct is related to the student's disability.

School personnel may order a change in educational placement of a child with a disability to an appropriate Interim Alternative Educational Setting (IAES) that provides the student with a free appropriate public education for the same amount of time that a child without a disability would be subject to discipline, but not for more than forty-five (45) calendar days if the student:

A. Carries or possesses a weapon to or at school, on school premises, or to or at a school function;

B. Knowingly possesses or uses illegal drugs at school, a school function, or school sponsored event; or

C. Sells or solicits the sale of a controlled substance while at school, a school function, or a school sponsored event.

Anytime school personnel seek to remove a student from his or her current educational placement for more than ten (10) school days in any school year, this constitutes a "change of placement." A change of placement invokes certain procedural protections under the IDEA, the federal special education law. These include, but are not limited to:

A. If the school did not conduct a functional behavioral assessment and implement a behavioral intervention plan for such student before the behavior that resulted in the discipline, the school shall convene an IEP meeting to develop an assessment plan to address the behavior, or if the child already has a behavior intervention plan, the IEP Team shall review the plan and modify it, as necessary, to address the behavior.

B. A review by the IEP Team of the relationship between the child's disability and the behavior subject to the disciplinary action, which is often referred to as the Manifestation Determination.

School personnel may also seek an order from the Department of Education Bureau of Special Education Appeals (BSEA) placing a student in an IAES for up to forty-five (45) calendar days.

Parents/guardians and/or students, where appropriate, may request a hearing at the Bureau of Special Education Appeals regarding a disciplinary action described above to challenge the interim alternative educational setting or the manifestation determination.

JBB - EDUCATIONAL EQUITY

The School Committee's goal is to strive to address the needs of every student in each of our schools, subject to budgetary, space and other limitations.

Educational equity for the purpose of this policy is defined as providing all students, as reasonably practical, the high quality instruction and support they need to reach and exceed a common standard.

To achieve educational equity the district will commit to:

1. Systematically, when appropriate, use districtwide and individual school level data, disaggregated by race/ethnicity, gender/gender identity, national origin, language, special education, socioeconomic status and mobility to inform district decision making.
2. Raise the achievement of all students.
3. Graduate all students ready to succeed in a diverse local, national and global community.

In order to reach the goal of educational equity, as reasonably practical, for each and every student, the District shall:

1. Provide every student with access to high quality curriculum, support, and other educational resources.
2. Seek to promote educational equity as a priority in professional development.
3. Endeavor to create schools with a welcoming and inclusive culture and environment.
4. Provide multiple pathways to success in order to meet the needs of the diverse student body and actively encourage, support and expect high academic achievement for each student.

The Superintendent shall include equity practices in the district's strategic plan and goal strategies to implement this policy. The Superintendent, upon request, will periodically report to the Committee the progress of the implementation of this policy.

JFAA - RESIDENCY

In order to attend Amesbury Public Schools, students must reside in Amesbury. Students who are enrolled in the School Choice Program are allowed to attend Amesbury Public Schools as well. "Residence" is the place where a person dwells permanently, not temporarily, and is the place of his/her domestic, social and civic life. Temporary residency for the purpose of attending Amesbury Public Schools will not be considered residency under this policy.

Amesbury can verify residency by several means. In the event residency is in question, school officials will reserve the right to ask for 3 different types of documentation, including but not limited to: a lease agreement for your current apartment or copies of any utility or telephone bill registered to your name. The City Clerk may be asked to verify you are a registered voter in Amesbury, or the Assessor's office may be asked to verify the name on the residency. If you do not have any of the above means, you may additionally be asked for proof of rent payment to an Amesbury address through a cancelled check or money order.

If you cannot provide residency documentation, the Amesbury Public Schools will ask the attendance officer to investigate the living situation. If it is determined that you do not reside in Amesbury, your child will be dismissed immediately from the Amesbury Public Schools. The average most up-to-date per pupil cost to educate a student in Amesbury will be charged. Additional penalties, including fines and legal action, may be imposed on families found to be in violation of the residency policy.

Any attempt to subvert this policy is considered theft of services by the Amesbury Public Schools. This decision may be appealed first to the Assistant Superintendent, and finally to the Superintendent of Schools, whose decision shall be final.

JEAB - NON-RESIDENT STUDENTS

2. To assist residents who have undertaken the legal guardianship or custodial care of children from outside of the city due to a child's need for such care because of special family circumstances.
3. To bring into the school system, on occasion upon recommendation of the high school principal, students from other countries who are the guests of residents under an established Exchange Program who have been recognized for purposes of school attendance by the School Committee., subject to the following conditions:

- a) Student is in possession of a J-1 Visa.
- b) Students in the exchange program must be between 15 and 18 ½ (as of the beginning of the program) and must not have been awarded a diploma or a certificate of completion in the student's home country.
- c) Students must have written and oral English skills sufficient to function in regular classes without special assistance.
- d) No diplomas will be issued to J-1 students. Those students who are placed in Grade 12 will be permitted to participate fully in commencement exercises and to be recognized with a school certificate for satisfactory attendance and participation in the school.
- e) Under no circumstances shall more than six foreign exchanges students be attending Amesbury High School at any given time.
- f) It is the responsibility of the area exchange program representative to notify the Principal within forty-eight (48) hours if an exchange student withdraws from the school or changes host families during the school year.

5. Students who move during their senior year: If a student's family moves out of the school district after September 30 during his/her senior year, particular consideration may be given by the Superintendent to the family's petition that the student be allowed to complete the school year. The student may be allowed to complete his/her senior year, contingent upon the following:

- a) If the School Committee of the new community, where the student is residing, makes a request to have the student continue in the District for the remainder of his/her senior year and the School Committee of the new community agrees to any tuition, if applicable. It is the responsibility of the student's parents or legal guardians to make such a request to the school committee of the new community in which they are residing.

JFABD - HOMELESS STUDENTS: ENROLLMENT RIGHTS AND SERVICES

As required by law, the district will work with homeless children and youth and unaccompanied youth **1** (collectively, "homeless students") as well as their families or legal guardians to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided district services for which they are eligible, including comparable pre-school programs, Title I, similar state programs, special education, bilingual education, vocational and technical education programs, gifted and talented programs, school nutrition programs, summer programming and extracurricular activities.

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including:

1. Sharing the housing of other persons due to loss of housing, economic hardship, or similar reason;
2. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
3. Living in emergency or transitional shelters;
4. Being abandoned in hospitals;
5. Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings;
6. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings; and
7. Migratory children living in conditions described in the previous examples.

Students Remaining in Schools of Origin

It is presumed to be in the best interest of homeless students to remain in their schools of origin, i.e. the school that the student was attending at the time he or she became homeless, or the last school the student attended prior to becoming homeless. Homeless students may continue to attend their school of origin for as long as they remain homeless or until the end of the academic year in which they obtain permanent housing. For homeless students who complete the final grade level served by the school of origin, the term "school of origin" shall also include the receiving school in the same school district educating students at the next grade level.

Homeless students are entitled to transportation comparable to that provided for all other students attending school in the district. The district will transport students who are sheltered or temporarily residing within the district to the students' school of origin. For homeless students attending a school of origin located outside the district in which the student is sheltered or temporarily residing, the district in which the school of origin is located will coordinate with the district in which the student is sheltered or temporarily residing to provide the transportation services necessary for the student, and these districts will divide the cost equally. Formerly homeless students who find permanent housing mid-school year will continue to receive transportation services until the end of the school year.

Students Enrolling in District Where Sheltered or Temporarily Residing

Parents or guardians may elect to enroll homeless students in the school district in which the student is sheltered or temporarily residing, rather than having the student remain in the school of origin. Enrollment changes for homeless students should take place immediately.

If homeless students are unable to provide written proof of their shelter or temporary residence in the district, the homeless liaison will work with the family seeking enrollment to determine homelessness. Information regarding a homeless student's living arrangement shall be considered a student education record, and not directory information. Records containing information about the homeless student's living arrangement may not be disclosed without the consent of the parent or satisfaction of another student-privacy related exemption.

If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to homeless families on the same terms as families who reside in the district. Accordingly, the district will provide transportation services to school in a manner comparable to the transportation provided for all other students in the district.

Dispute Resolution

If the district disagrees with a parent or guardian's decision to keep a student enrolled in the school of origin and considers enrollment in the district where the student is sheltered or temporarily residing to be in the student's best interest, the district will explain to the parent, in writing and in a language the parent can understand,² the rationale for its determination and provide parent with written notice of their rights to appeal the district's determination to the

Massachusetts Department of Elementary and Secondary Education 3. During the pendency of any such appeal, the student should remain enrolled in the school selected by the parent or guardian, receiving transportation to school and access to other available services and programs.

The Massachusetts Department of Elementary and Secondary Education's Advisory on Homeless Education Assistance contains additional information about educating homeless students and the appeal process. This advisory is available at the following link:

<http://www.doe.mass.edu/mv/haa/mckinney-vento.docx>

Homeless Liaison

The Superintendent shall designate an appropriate staff person to be the district's liaison for homeless students and their families. The district's liaison for homeless students and their families shall coordinate with local social service agencies that provide services to homeless children and youths and their families; other school districts on issues of transportation and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. This coordination includes providing public notice of the educational rights of homeless students in locations such as schools, family shelters and soup kitchens. The district's liaison will also review and recommend amendments to district policies that may act as barriers to the enrollment of homeless students. The liaison shall ensure district staff receive professional development and other support on issues involving homeless students.

JFABE - EDUCATIONAL OPPORTUNITIES FOR MILITARY CHILDREN

To facilitate the placement, enrollment, graduation, data collection, and provision of special services for students transferring into or out of the District because of their parents or guardians being on active duty in the U.S. Armed Services, the District supports and will implement its responsibilities as outlined in the Interstate Compact on Educational Opportunity for Military Children. The district believes it is appropriate to remove barriers to educational success imposed on children of military families resulting from frequent moves required by parents' or guardians' military deployment.

Definitions

Children of military families: School aged children, enrolled in kindergarten through 12th grade, in the household of an active duty member of the uniformed service of the United States, including members of the National Guard and Reserve serving on active duty.

Deployment: The period one month before the service members' departure from their home station on military orders through six months after return to their home station.

Education(al) records: Official records, files, and data directly related to a student and maintained by the school including, but not limited to, records encompassing all the material kept in the student's cumulative folder.

Eligible students are children of military families as well as the children of veterans who have been severely injured and medically discharged, and children of active duty personnel who died on active duty. Children of retired active duty personnel are also eligible to receive services for one year following the discharge due to severe injury, or the retirement or death of an active military parent. The Compact does not apply to children of inactive Guard or Reserves, veterans and retired personnel not included above, or U.S. Department of Defense personnel and other federal civil service employees and contract employees.

The District's responsibilities to eligible students include the following:

- Sending schools must send either official or unofficial records with the moving students and District receiving schools must use those records for immediate enrollment and educational placement.
- Upon enrollment of an eligible student, the receiving school must request official records and the sending schools shall respond within 10 days with the records.
- Immunization requirements of the District may be met within 30 days from the date of enrollment (or be in progress).
- Receiving schools must initially honor placement of students in all courses from the sending school. These include, but are not limited to, Honors, International Baccalaureate, Advanced Placement, vocational-technical, and career pathway courses if those courses are offered in the receiving school and space is available. The receiving schools must also initially honor placement of like programs to those of the student in the sending state, including, but not limited to, Gifted and Talented programs, and English as a Second Language programs. Receiving schools are not precluded from performing subsequent evaluation to ensure the appropriate placement and continued enrollment of the student in courses and programs.
- In compliance with federal law, the district will assume financial and programmatic responsibility for the special education programs of students with existing IEPs drafted in other states.

- As appropriate, the District will exercise the right to waive prerequisites for all courses and programs, while also maintaining its right to re-evaluate the student to ensure continued enrollment, also as deemed appropriate.
- Students of active duty personnel shall have additional excused absences, as necessary, for visitations relative to leave or deployment.
- An eligible student living with a noncustodial parent or other person standing in loco parentis shall be permitted to continue to attend the school in which he or she was enrolled while living with the custodial parent or guardian, without any tuition fee imposed.
- The District high school will accept exit or end-of-year exams required from the sending state, national norm-referenced tests, or alternate testing instead of testing requirements for graduation in the District (receiving state.) If this is not possible, the alternative provision of the Interstate Compact shall be followed to facilitate the on-time graduation of the student in accordance with Compact provisions.

JFABF - EDUCATIONAL OPPORTUNITIES FOR CHILDREN IN FOSTER CARE

The purpose of this policy is to ensure the educational stability of students in foster care. Educational stability has a lasting impact on students' academic achievement and wellbeing, and the School Committee is committed to supporting all efforts to ensure that students in foster care have equal access to high-quality, stable educational experiences from preschool (if offered) through high school graduation.

Irrespective of the location of a foster care placement, students in foster care will continue to attend their school of origin, unless after a collaborative decision-making process, it is determined to be in the student's best interest to enroll in and attend school in the district in which the student resides in foster care. Enrollment of students in the district where they reside in foster care will take place immediately upon such a determination.

The Superintendent shall designate an appropriate staff person as Foster Care Liaison to be the district liaison for students in foster care. The district's liaison for students in foster care will collaborate with DCF to ensure that students can access transportation and the other services to which they may be entitled.

Best Interest Determination

Decisions about whether a student in foster care should continue to attend the school of origin should be made collaboratively by DCF, the student (as appropriate), the student's family and/or foster family (or, if different, the person authorized to make educational decisions on behalf of the student), the school and district of origin, and (when appropriate) the local district where the student is placed. Best interest determinations should focus on the needs of each individual student and account for unique factors about the student and his or her foster care placement. Every effort should be made to reach agreement regarding the appropriate school placement of a student in foster care; however, DCF will finalize the best interest determination if the relevant parties cannot agree on the best school for the student to attend.

The district can seek review of DCF's decision by utilizing a Foster Care School Selection Dispute Resolution Process established by DESE and DCF. Decisions made through this process are not subject to review. To the extent feasible and appropriate, the district will ensure that a child remains in his or her school of origin while the disputes are being resolved to minimize disruptions and reduce the number of moves between schools.

Transportation

The district of origin must collaborate with DCF on how transportation will be arranged and provided to ensure that students in foster care who need transportation to remain in their school of origin will receive such transportation while they are in foster care.

Transportation options may include using Title I funds, establishing regional collaborations among districts, coordinating with existing routes for transportation, seeking help from foster parent(s), etc. Absent other agreements between the district and DCF, the district of origin is responsible for providing transportation to and from the school of origin.

Immediate Enrollment

If it is in the best interest of a student in foster care to leave the school of origin, the student must be immediately enrolled in the district in which he or she resides in foster care. During enrollment of students in foster care, DCF representatives will present the district with a form indicating that the student is in foster care, along with a state-agency identification badge.

If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to students in foster care (homeless families) on the same terms as families who reside in the district. Accordingly, the district will provide transportation services to school in a manner comparable to the transportation provided for all other students in the district.

**JFCB/GBCBC - PROMOTING CIVIL RIGHTS AND PROHIBITING HARASSMENT,
SEXUAL HARASSMENT, HAZING, BULLYING, CYBER BULLYING, SEXTING,
DISCRIMINATION, AND HATE CRIMES**

I. GOALS

The Amesbury Public School District is committed to providing our students equal educational opportunities and a safe learning environment free from harassment, bullying, discrimination, and hate crimes, where all school community members treat each other with respect and appreciate the rich diversity in our schools. This Policy is an integral part of the District's comprehensive efforts to promote learning, eliminate all forms of violent, harmful, and disruptive behavior and enable students to achieve their personal and academic potential and become successful citizens in our increasingly diverse society.

The District will not tolerate any unlawful or disruptive behavior, including any form of harassment, bullying, discrimination, or hate crimes in our schools or school-related activities. The District will promptly[1] investigate all reports and complaints of harassment, bullying, discrimination, and hate crimes, and take prompt, effective action to end that behavior and prevent its reoccurrence. Action will include, where appropriate, referral to a law enforcement agency. The District will support this Policy in all aspects of its activities, including its curricula, instructional programs, staff development, extracurricular activities, and parental involvement.

Additionally, students will be protected from being bullied by a member of the school staff, which includes, but is not limited to: educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff or paraprofessionals.

II. GENERAL STATEMENT OF POLICY

The Amesbury Public School District prohibits all forms of harassment, discrimination, and hate crimes based on race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics. The civil rights of all school community members are guaranteed by law, and the protection of those rights is of utmost importance and priority to our School District. The District will also not tolerate retaliation against persons who take action consistent with this Policy.[2]

A. APPLICATION

This Policy applies to all sites and activities that the District supervises, controls, or where it has jurisdiction under the law, including school grounds, property immediately adjacent to school grounds, or at a school-sponsored or school-related activity, function or program, at a school bus stop, on a school bus or other vehicle owned, leased or used by the District, or through the use of technology or an electronic device owned, leased, or used by a school district or school. The bullying policy applies to any location, activity, function or program that is not school-related or through the use of technology or an electronic device that is not owned, leased or used by the district, if the act or acts in question create a hostile environment at school for the target, infringe on the rights of the target at school or materially and substantially disrupt the education process or the orderly operation of the school. It applies to all students, school committee members, school employees, independent contractors, school volunteers, parents and legal guardians of students, and visitors to District schools. Nothing in this Policy, however, is designed or intended to limit the District's authority to discipline or take remedial action under General Laws Chapter 71, §37H or other authority, or in response to violent, harmful, or disruptive behavior, regardless of whether this Policy covers the conduct.

B. DISCIPLINARY AND CORRECTIVE ACTION

Violation of this Policy is a serious offense. Violators will be subject to appropriate disciplinary and/or corrective action to correct and end the conduct, prevent its reoccurrence, and protect and restore a sense of safety for the complainant and other similarly-situated individuals from harassment, discrimination, hate crimes, retaliation, and bullying in the future.

C. DEFINITIONS

The definitions of terms used in this Policy, including descriptions of conduct this Policy prohibits, appear in the "Glossary of Terms."

III. RESPONSIBILITIES

A. Each School Community Member is responsible for:

1. Complying with this Policy, where applicable;

5. Cooperating in the investigation of reports or complaints of harassment, bullying, discrimination, retaliation, or a hate crime.

B. Each School Employee, Independent Contractor and School Volunteer is ALSO responsible for:

1. Responding appropriately when witnessing harassment, bullying, discrimination, retaliation, or a hate crime on school grounds or in a school-related activity;

2. Cooperating with the District's efforts to prevent, respond effectively to, and eliminate harassment, bullying, discrimination, and hate crimes; and

3. Promptly reporting all information s(he) knows concerning possible harassment, bullying, discrimination, retaliation, or a hate crime to a designated school official when (s)he witnesses or becomes aware of that conduct.

IV. PROTECTION AGAINST RETALIATION

The District will take appropriate steps to protect from retaliation persons who take action consistent with this Policy, or who report, or file a complaint or cooperate in an investigation of a violation of this Policy. Threats or acts of retaliation, whether person-to-person, by electronic means, or through third parties, are serious offenses that will subject the violator to significant disciplinary and other corrective action.

V. REPORTING AND RESOLUTION PROCESS

A. DESIGNATED OFFICIALS FOR REPORTING

1. In Each School Building

The school principal or the District's Equity Coordinator is responsible for receiving reports and complaints of violations of this Policy at the school level. A report or complaint of a violation of

this Policy may be filed with the Equity Coordinator, Lyn Jacques, 5 Highland Street, Amesbury, MA, 978-388-0507.

2. For the Central Administration

The District Equity Coordinator is responsible for receiving and addressing reports or complaints of violations of this Policy at the district level. A report or complaint involving the District Equity Coordinator should be filed with the Superintendent; a report or complaint involving the Superintendent with the School Committee.

B. REPORTING PROCEDURES

1. Any school employee, independent contractor, or school volunteer who becomes aware or has a reasonable belief that harassment, bullying, discrimination, retaliation, or a hate crime has occurred or may have occurred must promptly report the alleged incident(s) to a designated official.
2. Any student or other person (who is not a school employee, independent contractor or school volunteer) who becomes aware or has a reasonable belief that harassment, bullying, discrimination, retaliation, or a hate crime has occurred or may have occurred is **strongly encouraged** to and should **promptly** report the incident(s) to a designated official. In situations where a student or other person does not feel comfortable reporting the incident to a designated official, (s)he may report it to a trusted school employee, who must promptly transmit the report to a designated official.
3. Any school community member may also report possible incidents of harassment, bullying, discrimination, retaliation, or a hate crime directly to a Principal, the District Equity Coordinator or to the Superintendent. Students or other persons may also make anonymous reports.
4. Upon receipt of a written or oral report or complaint, the principal (or his/her designee) and the District Equity Coordinator will promptly notify one another of the facts alleged and any initial action taken.
5. When a report or complaint involves physical injury, the principal (or his/her designee) will promptly report the incident to the Superintendent.
6. All complaints or reports about a violation of this Policy must be documented on the District's "Reporting/Complaint Form". The form is available at the front office of each school and at the central office. If a complainant or reporter is either unwilling or unable to complete the District's Reporting/Complaint Form, the school principal (or designee) who receives the oral complaint or report will promptly prepare a written report, by filling out the District's Reporting/Complaint Form, using, to the extent practicable, the reporter's or complainant's own words to describe the potential violation.

7. On the District's Reporting/Complaint Form, the principal (or designee) will summarize any initial action taken and forward a copy to the District Equity Coordinator.

8. **Reporting Sexual Abuse and Other Serious Criminal Conduct**

a. General Laws Chapter 119, Section 51A, makes administrators, teachers, school nurses, guidance counselors and other school staff members mandated reporters for purposes of reporting child abuse and neglect to the Department of Children and Families (DCF). Under G.L. c. 119, Section 51A, a school staff member who has reasonable cause to believe that a student under the age of 18 years is suffering physical, sexual, or emotional abuse, or neglect, by a parent, guardian, school staff member, or other caretaker, must immediately report the abuse or neglect either directly to the DCF or to the person designated by the school to accept those reports, who, in turn, must promptly report the abuse to the DCF.

b. The principal, Equity Coordinator and/or Superintendent will report certain forms of sexual harassment and conduct (i.e., unwanted sexual touching or sexual assault) that may constitute a crime to the local police.

c. The principal, Equity Coordinator and/or Superintendent will report physical injury, destruction of public property, potential hate crimes, certain bullying conduct and other acts of a criminal nature to the local police for criminal investigation.

C. FILING A COMPLAINT OR REPORT

1. The complainant or reporter files a written complaint or report with a designated official, using the District's Reporting/Complaint Form, identifying the name(s) of the subject of the complaint, if known; describing the facts and circumstances of the incident or pattern of behavior; providing the time(s) and date(s) of the incident(s); and identifying any witnesses and relevant documentary information.

2. A complainant or reporter may also file an oral complaint or report. In those circumstances, a designated official will complete the District's Reporting/Complaint Form based on the oral information, using, to the extent practicable, the complainant or reporter's own words. The complainant will sign the Reporting/Complaint Form.

D. PROCEEDINGS

STEP ONE

1. The designated official will separately meet in a timely manner with the complainant and the subject of the complaint. If a student is involved, the parent(s) or guardian(s) will be notified and may be invited to attend the meeting. The official will talk about the formal process, explain the prohibition against retaliation, and determine the corrective action the complainant seeks. The designated official will also explain that the investigation will be kept as confidential as possible, but that the District cannot promise absolute confidentiality, and may not be able to

withhold the complainant's identity from the subject of the complaint, since such a promise could interfere with the District's ability to enforce its Policy, conduct a fair and thorough investigation, or impose disciplinary or corrective action.

STEP TWO

2. A designated official will conduct an investigation in accordance with the procedures described in Section E, Investigations.

STEP THREE

3. The designated official, in consultation with the District Equity Coordinator, will determine whether the allegations have been substantiated, and whether the Policy, or if the subject of the complaint is a student, the Student Code of Conduct, has been violated. If the complaint is substantiated, the designated official, in consultation with the District Equity Coordinator, will decide, based on the investigative findings, on the appropriate action. If legal issues arise, the designated official will seek the advice and guidance of legal counsel for the District.

4. The designated official, in consultation with the District Equity Coordinator, will prepare a written report that includes the investigative findings, the investigative steps taken, and the reasons for those findings. These findings will specify whether the allegations have been substantiated, whether the Policy, or if the subject of the complaint is a student, the Student Code of Conduct, has been violated, and any decision for disciplinary and corrective action.

5. The principal, the employee's supervisor (if the subject of the complaint is an employee), or the Superintendent (if the subject of the complaint is an assistant principal or principal) or school committee (if the subject of the complaint is the superintendent) will impose any disciplinary or corrective action. The disciplinary actions will balance the need for accountability with need to teach appropriate behavior. The disciplinary actions will be consistent with the Student Code of Conduct, and state and federal law.

STEP FOUR

6. The designated official will promptly notify the complainant and the subject of the complaint in writing to let them know whether the complaint has been substantiated. If the complaint is substantiated, the designated official will also promptly notify the complainant of any non-disciplinary corrective action imposed to protect him/her from future Policy violations. If the complaint is substantiated and the offender remains a student in the school, the designated official will meet with the offender and his/her parent or guardian, to describe the disciplinary and/or corrective action imposed, the school's expectations for future behavior and the potential consequences for retaliation or future violation of the Policy.

7. If a complaint is substantiated, a report of the incident and its resolution will be placed in the offender's applicable student record or employee personnel file.

8. **File Retention:** If the incident occurs at the school level, the principal (and if the principal is the subject of the complaint, the District Equity Coordinator), will (a) maintain in a separate confidential file the original completed Reporting/Complaint Form, investigatory interview notes and reports, findings made, the results of the investigation, including any decision for action, and other relevant investigatory materials, (b) provide a copy of the file to the District Equity Coordinator, and (c) maintain a copy of the file in the applicable student record or employee personnel file. If the complaint occurs at the district level, the District Equity Coordinator will maintain the original documents.

9. If the District's investigation results from a third party report, the designated official will inform that person that the District has taken steps consistent with the Policy, while not providing information about any disciplinary action imposed or any other information that would violate applicable state and federal confidentiality laws or student record regulations.

10. Any disciplinary or corrective action against a student or employee must conform to the due process requirements of federal and state law.

STEP FIVE

11. A designated official will monitor the situation, and will follow-up with the complainant at least weekly for two months to determine whether there are further incidents or concerns, and whether the corrective action imposed has been effective. The designated official will maintain a written record of the follow-up.

STEP SIX

12. The complainant may ask the District Equity Coordinator to review, and, if appropriate, revise any non-disciplinary corrective action imposed through a Formal Proceeding, if the complainant believes that the corrective action is not adequate to protect him/her from future harassment, discrimination, bullying, retaliation, or a hate crime.

13. Any right of appeal from a disciplinary decision is governed by the Student Code of Conduct, the school's disciplinary code, applicable collective bargaining agreements, and Massachusetts and federal law.

E. INVESTIGATIONS

1. **Prompt and Thorough Investigations:** The school or District, through a designated official, in consultation with the District Equity Coordinator, will promptly investigate all reports or complaints of an alleged violation of this Policy (even where the offender is unknown), as set forth below. The nature and duration of an investigation will depend on the circumstances, including the type, severity and frequency of the alleged conduct. The goal of an investigation is to obtain an accurate and complete account of all incidents and circumstances deemed relevant to the allegations of the complaint. No complaint is considered frivolous; on the other hand,

culpability is never presumed. These procedures are intended to protect the rights of a target and the rights of a wrongfully accused individual.

2. **Emergencies:** School officials will immediately call 911 in case of a threat of imminent physical harm or actual physical harm to a school community member or where police, fire, medical, or other emergency assistance is needed.

3. **Opening Investigations:** Upon receipt of a report or complaint, a designated official, in consultation with the District Equity Coordinator, will promptly undertake an investigation or authorize a third party designated by the District or school to undertake an investigation.

4. **Investigative Procedure:** The designated official investigating the incident will gather and preserve evidence, and identify all involved parties and witnesses. If the incident involves physical injury, destruction of public property, or other acts of a serious criminal nature, the designated official will confer with the local police department or other law enforcement agencies prior to gathering or preserving evidence to determine if the incident requires law enforcement involvement. Until the designated official confers with the local police, however, s(he) will secure the evidence from contamination or removal. The investigation will generally consist of personal interviews with the complainant, the subject(s) of the complaint and others who witnessed or may have potentially relevant knowledge about the alleged incident or circumstances giving rise to the report or complaint. Interviews will be conducted in a manner that protects the privacy of individuals to the extent practicable under the circumstances. The designated official should take notes during interviews, or prepare them soon thereafter, for the purpose of maintaining accurate records. The designated official will also generally review and evaluate any other information or document, including video recordings, voice mails, e-mails, instant messages, information regarding any prior incident(s) committed by the subject of the complaint, or any other item deemed relevant to the allegations.

5. **Communication During Investigation:** Throughout the investigatory and complaint resolution process, the designated official will make reasonable efforts to regularly inform the complainant and the subject of the complaint and their parent(s) or guardian(s) of the status of the complaint, and the anticipated timing for concluding the investigation, and making a determination. The designated official will notify each person interviewed or made aware of the investigation that the investigation is confidential and should not be discussed with other students or District employees. The designated official will tell them that the District will not tolerate retaliation against the complainant or reporter, or anyone else who cooperates with the investigation. The District will notify the parents or guardians of a target of the action taken to prevent any further acts of harassment, bullying, discrimination or retaliation.

6. **Time for Investigations:** The designated official will complete his/her investigation as soon as practicable after (s)he receives the complaint or report.

7. **Ensuring Safety During Investigation:** The designated official, in consultation with the District Equity Coordinator, will take any step s(he) determines is necessary and/or advisable to protect, to the extent practicable, the complainant, witnesses, and other individuals from further incidents or from retaliation pending the outcome of the investigation. Those steps for students may include, but are not limited to, ordering interim disciplinary action under the Student Code of Conduct, appropriate adult supervision, reassigning classroom seating, temporarily transferring the student subject of the complaint from his/her class(es) with the complainant or to an alternative school assignment, instructing the subject of the complaint to avoid communication or contact with the complainant and to maintain a safe distance (for example, fifteen feet) from the complainant while on school property or in school-related activities, and monitoring compliance and reporting non-compliance of protective orders issued by a court. Prior to a resolution of the complaint or report, the designated official will make reasonable efforts to monitor the success of the interim measures in achieving their goals. At the discretion of a school and/or District administrator, a student complainant may also temporarily transfer classes or schools, where available, but only where the student and his/her parent or guardians voluntarily consent to the transfer.

8. **Target Assistance:** The designated official (or his/her designee) will make appropriate referrals for target assistance, including counseling and crisis intervention, if requested, or as needed.

9. **Target Non-Cooperation:** Where a violation of the Policy has been reported by a third party, and the alleged target fails to cooperate with the investigation, or denies the incident occurred, disciplinary and corrective action may be precluded, or limited, depending on the circumstances and the availability of information from other sources.

10. **False Charges:** Any person who makes knowingly false charges or brings a malicious complaint is subject to disciplinary and/or corrective action.

F. BASIS FOR DETERMINING WHETHER POLICY VIOLATED

A designated official, in consultation with the District Civil Rights Coordinator, will determine whether a particular action or incident constitutes a violation of this Policy. The determination will be based on all the facts and surrounding circumstances, including the context, nature, frequency and severity of the behavior, how long the conduct continued, where the incident(s) occurred, the number of persons involved in the wrongful conduct, the ages of and relationships between the parties, past incidents or patterns of behavior, and whether the conduct adversely affected the education or school environment of the target or other school community members or materially or substantially disrupts the education process or the orderly operation of the school.

G. CONFIDENTIALITY

The District will respect the privacy of the complainant, the subject(s) of the complaint, and the witnesses to the extent possible consistent with its obligations under federal and state law and regulations and its Policy to investigate, report, and take appropriate disciplinary and corrective action, and consistent with applicable and state and federal confidentiality laws and student record regulations.

VI. DISCIPLINARY AND CORRECTIVE ACTION

A. IMPOSING DISCIPLINARY AND CORRECTIVE ACTION

If a designated official, in consultation with the District Equity Coordinator, concludes that the subject of the complaint has violated this Policy, the District will in a timely manner impose disciplinary measures and/or corrective action reasonably calculated to end the complained of conduct, deter future conduct, and protect the complainant(s) and other similarly situated individuals. In imposing disciplinary and corrective measures the District will take into account harm the target and other members of the school community suffered and any damage to school climate or property. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all facts and surrounding circumstances.

9. The complaint investigator will put his/her findings in writing and will forward a copy to the Title IX Compliance Manager within one week or a reasonable extension of time thereafter for good cause after concluding the investigation.

10. The investigator will communicate his/her findings to the complainant and the alleged harasser as expeditiously as possible.

Right to Alternative Complaint Procedures

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Massachusetts Dept. of Elementary and Secondary Education, Massachusetts Commission Against Discrimination, Equal Employment Opportunity Commission, and the Office of Civil Rights of the U.S. Dept. of Education, J. W. McCormack, POCH, Room 222, Boston, MA 02109, telephone: 617/223-9662, initiating civil action or seeking redress under criminal statutes and/or federal law.

The School Committee will continue to ensure fair and equitable educational and employment opportunities, without regard to gender, to all of its students and employees.

The Committee will designate an individual to act as the school system's Title IX compliance officer. This person is Lyn Jacques. She can be reached at 978-388-0507.

All students and employees will be notified of the name and office address and telephone number of the compliance officer.

JFCH - DRUG AND ALCOHOL USE BY STUDENTS

The Amesbury School Committee recognizes that the use of alcohol and other drugs and the problems associated with it are becoming increasingly commonplace in our society and among youth. One's own chemical use or that of a family member or friend can have serious and lifelong consequences.

The Amesbury School Committee recognizes that students often need education, assistance and support because of their own drug use or because of drug-related problems in peers and family. The school system is committed to providing education and assistance to any student in need. Also, many students require support for their decision to remain drug free. All students are required to take a health course as part of the high school graduation requirements. Instruction through this course will include the education of students about the dangers of substance use and abuse. In addition, the district will provide students with access to various staff members (e.g. school adjustment counselor, school resource officer, guidance counselor, administration, teachers) to assist with the prevention of substance use.

The Amesbury School Committee believes that to take steps to promote, enhance and maintain a drug free school system and student body is in the best interest of the community. Together with parents and the community at large, it shares responsibility for helping students remain drug free.

The possession, use, delivery, transfer, or sale of alcoholic beverages or controlled substances including synthetic drugs by students, while in school, prior to or during school sponsored events, or within a radius of 1,000 feet of school property, is illegal and is expressly forbidden.

The Amesbury Public Schools and the Amesbury Police Department jointly execute the conditions set forth in the Memorandum of Understanding, signed annually.

JH - STUDENT ABSENCES AND EXCUSES

Regular and punctual school attendance is essential for success in school. The Committee recognizes that parents of children attending our schools have special rights as well as responsibilities, one of which is to ensure that their children attend school regularly, in accordance with state law.

Therefore, students may be excused temporarily from school attendance for the following reasons: illness or quarantine; bereavement or serious illness in family; weather so inclement as to endanger the health of the child; and observance of major religious holidays.

A child may also be excused for other exceptional reasons with approval of the Principal or designee.

A student's understanding of the importance of day-to-day schoolwork is an important factor in the shaping of his character. Parents can help their children by not allowing them to miss school needlessly.

Accordingly, parents will provide a written explanation for the absence or tardiness of a child. This will be required in advance for types of absences where advance notice is possible.

In instances of chronic or irregular absence reportedly due to illness, the school administration may request a physician's statement certifying such absences to be justified.

Student Absence Notification Program

Each Principal or his/her designee will notify a student's parent/guardian daily of the student's absence in the event the parent/guardian has not informed the school of the absence.

Each Principal or designee shall meet with any student, and that student's parent/guardian, who has missed five (5) or more unexcused school days (a school day shall be equal to two (2) or more class periods in the same day) in a school year. The meeting shall be to develop action steps to improve student attendance and shall be developed jointly by the Principal or designee, the student, and the student's parent/guardian. The parties may seek input from other relevant school staff and/or officials from relevant public safety, health and human service, housing, and nonprofit agencies.

Recognizing the importance of consistent daily attendance in schools, those students who do not maintain consistent regular attendance in school may be subject to disciplinary action.

Dropout Prevention

No student who has not graduated from high school shall be considered permanently removed from school unless the Principal has sent notice to a student, and that student's parent/guardian, who has been absent from school for ten (10) consecutive days of unexcused absence. The notice shall be sent within five (5) days of the tenth consecutive day of absence and shall offer at least 2 dates and times within the next ten (10) days for an exit interview with the Superintendent or designee, the student, and the student's parent/guardian. The notice shall be in both English and the primary language of the home, if applicable. The notice shall include contact information for scheduling the exit interview and shall indicate the parties shall reach an agreement on the date/time of the interview within the ten (10) day timeframe. The timeframe may be extended at the request of the parent/guardian and no extension shall exceed 14 days.

The Superintendent or designee may proceed with any interview without a parent/guardian present, provided the Superintendent has documented a good faith effort to include the parent/guardian.

The Superintendent or designee shall convene a team of school staff to participate in the exit interview and shall provide information to the student and, if applicable, the student's parent/guardian on the detrimental effects of early withdrawal from school and the alternative education programs and services available to the student.

JKAA - PHYSICAL RESTRAINT OF STUDENTS

Maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the school district. Further, students of the district are protected by law from the unreasonable use of physical restraint. Such restraint shall be used only in emergency situations as a last resort and with extreme caution after other lawful and less intrusive alternatives have failed or been deemed inappropriate.

When an emergency situation arises, and physical restraint is the only option deemed appropriate to prevent a student from injuring himself or herself, another student or school community member, a teacher or employee or agent of the school district may use such reasonable force needed to protect students, other persons or themselves from assault or imminent, serious, physical harm.

The definitions of forms of restraint shall be as defined in 603 CMR 46.02.

The use of mechanical restraint, medical restraint, and seclusion is prohibited.

Physical restraint, including prone restraint where permitted under 603 CMR 46.03, shall be considered an emergency procedure of last resort and shall be prohibited except when a student's behavior poses a threat of assault, or imminent, serious, physical harm to themselves and/or others and the student is not responsive to verbal directives or other lawful and less intrusive behavior interventions are deemed inappropriate.

The Superintendent will develop procedures identifying:

- Appropriate responses to student behavior that may require immediate intervention;
- Methods of preventing student violence, self-injurious behavior, and suicide including crisis planning and de-escalation of potentially dangerous behaviors among groups of students or individuals;
- Descriptions and explanations of alternatives to physical restraint as well as the school's method of physical restraint for use in emergency situations;
- Descriptions of the school's training and procedures to comply with reporting requirements including, but not limited to making reasonable efforts to orally notify a parent of the use of restraint within 24 hours of its imposition;
- Procedures for receiving and investigating complaints;
- Methods for engaging parents in discussions about restraint prevention and use of restraint solely as an emergency procedure;

- A statement prohibiting: medication restraint, mechanical restraint, prone restraint unless permitted by 603 CMR 46.03(1)(b), seclusion, and the use of physical restraint in a manner inconsistent with 603 CMR 46.00;
- A process for obtaining Principal approval for a time out exceeding 30 minutes.

Each building Principal will identify staff members to serve as a school-wide resource to assist in ensuring proper administration of physical restraint. These staff members will participate in an in-depth training program in the use of physical restraint.

In addition, each staff member will be trained regarding the school's physical restraint policy and accompanying procedures. The Principal will arrange training to occur in the first month of each school year, or for staff hired after the beginning of the school year, within a month of their employment.

Physical restraint is prohibited as a means of punishment, or as a response to destruction of property, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious physical harm to the student or others.

Physical restraint is prohibited when it is medically contraindicated for reasons including, but not limited to, asthma, seizures, a cardiac condition, obesity, bronchitis, communication-related disabilities, or risk of vomiting;

The use of "time out" procedures during which a staff member remains accessible to the student shall not be considered "seclusion restraint."

This policy and its accompanying procedures shall be reviewed and disseminated to staff annually and made available to parents of enrolled students. The Superintendent shall provide a copy of the Physical Restraint regulations to each Principal, who shall sign a form acknowledging receipt thereof.

JIC - STUDENT DISCIPLINE

The School Committee believes that all students deserve every opportunity to achieve academic success in a safe, secure learning environment. Good citizenship in schools is based on respect and consideration for the rights of others. Students will be expected to conduct themselves in a way that the rights and privileges of others are not violated. They will be required to respect

constituted authority, to conform to school rules and to those provisions of law that apply to their conduct.

Each Principal shall include prohibited actions in the student handbook or other publication and made available to students and parents.

Principals and staff shall not use academic punishment of any form as a consequence to inappropriate behaviors/actions by students.

The Principal may, as a disciplinary measure, remove a student from privileges, such as extracurricular activities and attendance at school-sponsored events, based on the student's misconduct. Such a removal is not subject to the remainder of this policy, law, or regulation.

Suspension

In every case of student misconduct for which suspension may be imposed, a Principal shall consider ways to re-engage the student in learning; and avoid using long-term suspension from school as a consequence until alternatives have been tried. Alternatives may include the use of evidence-based strategies and programs such as mediation, conflict resolution, restorative justice, and positive behavioral interventions and supports.

Notice of Suspension

Except for emergency removal or an in-school suspension of less than 10 days, a Principal must provide the student and the parent oral and written notice, and provide the student an opportunity for a hearing and the parent an opportunity to participate in such hearing before imposing suspension as a consequence for misconduct. The Principal shall provide both oral and written notice to the student and parent(s) in English and in the primary language of the home if other than English. The notice shall include the rights enumerated in law and regulation. To conduct a hearing without a parent present, the Principal must be able to document reasonable efforts to include the parent.

Emergency Removal

A Principal may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the Principal's judgment, there is no alternative available to alleviate the danger or disruption.

The Principal shall immediately notify the Superintendent in writing of the removal including a description of the danger presented by the student.

The temporary removal shall not exceed two (2) school days following the day of the emergency removal, during which time the Principal shall: Make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal, the reason for the need for

emergency removal, and the other matters required in the notice; Provide written notice to the student and parent as required above; Provide the student an opportunity for a hearing with the Principal that complies with applicable regulations, and the parent an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the Principal, student, and parent; Render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements of applicable law and regulation.

A Principal shall also ensure adequate provisions have been made for the student's safety and transportation prior to removal.

In School Suspension - Not More Than 10 Days Consecutively or Cumulatively

The Principal may use in-school suspension as an alternative to short-term suspension for disciplinary offenses.

The Principal may impose an in-school suspension for a disciplinary offense under this provision, provided that the Principal follows the process set forth in regulation and the student has the opportunity to make academic progress as required by law and regulation.

Principal's Hearing - Short Term Suspension of up to 10 Days

The hearing with the Principal shall be to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction.

At a minimum, the Principal shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information.

The student also shall have an opportunity to present information, including mitigating facts, that the Principal should consider in determining whether other remedies and consequences may be appropriate as set forth in law and regulation.

The Principal shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the Principal should consider in determining consequences for the student.

The Principal shall, based on the available information, including mitigating circumstances, determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.

The Principal shall notify the student and parent of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period

of removal, as required by law and regulation. The determination shall be in writing and may be in the form of an update to the original written notice.

If the student is in a public preschool program or in grades K through 3, the Principal shall send a copy of the written determination to the Superintendent and explain the reasons for imposing an out-of-school suspension, before the short-term suspension takes effect.

Principal's Hearing - Long Term Suspension of more than 10 days but less than 90 days (consecutive or cumulative)

The hearing with the Principal shall be to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction.

At a minimum, in addition to the rights afforded a student in a short-term suspension hearing, the student shall have the following rights: In advance of the hearing, the opportunity to review the student's record and the documents upon which the Principal may rely in making a determination to suspend the student or not; The right to be represented by counsel or a lay person of the student's choice, at the student's/parent's expense; The right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so; The right to cross-examine witnesses presented by the school district; The right to request that the hearing be recorded by the Principal, and to receive a copy of the audio recording upon request. If the student or parent requests an audio recording, the Principal shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent upon request.

The Principal shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the Principal should consider in determining consequences for the student.

The Principal shall, based on the evidence, determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension as required by law and regulation, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The Principal shall send the written determination to the student and parent by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the Principal and the parent.

If the Principal decides to suspend the student, the written determination shall: Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing; Set out the key facts and conclusions reached by the Principal; Identify the length and effective date of the suspension, as well as a date of return to school; Include notice of the student's

opportunity to receive education services to make academic progress during the period of removal from school as required by law and regulation; Inform the student of the right to appeal the Principal's decision to the Superintendent or designee, but only if the Principal has imposed a long-term suspension. Notice of the right of appeal shall be in English and the primary language of the home if other than English, and shall include the following information: The process for appealing the decision, including that the student or parent must file a written notice of appeal with the Superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent may request and receive from the Superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days; and that the long-term suspension will remain in effect unless and until the Superintendent decides to reverse the Principal's determination on appeal.

If the student is in a public preschool program or in grades K through 3, the Principal shall send a copy of the written determination to the Superintendent and explain the reasons for imposing an out-of-school suspension before the suspension takes effect.

Superintendent's Hearing

A student who is placed on long-term suspension following a hearing with the Principal shall have the right to appeal the Principal's decision to the Superintendent.

The student or parent shall file a notice of appeal with the Superintendent within the time period noted above (see Principal's hearing - Suspension of more than 10 days). If the appeal is not timely filed, the Superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.

The Superintendent shall hold the hearing within three (3) school days of the student's request, unless the student or parent requests an extension of up to seven (7) additional calendar days, in which case the Superintendent shall grant the extension.

The Superintendent shall make a good faith effort to include the parent in the hearing. The Superintendent shall be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent and Superintendent to participate. The Superintendent shall send written notice to the parent of the date, time, and location of the hearing.

The Superintendent shall conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence shall be. The Superintendent shall arrange for an audio recording of the hearing, a copy of which shall be provided to the student or parent upon request. The Superintendent shall inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent upon request. The student shall have all the rights afforded the student at the Principal's hearing for long-term suspension.

The Superintendent shall issue a written decision within five (5) calendar days of the hearing which meets the requirements of law and regulation. If the Superintendent determines that the student committed the disciplinary offense, the Superintendent may impose the same or a lesser consequence than the Principal, but shall not impose a suspension greater than that imposed by the Principal's decision. The decision of the Superintendent shall be the final decision of the school district with regard to the suspension.

Expulsion

Expulsion is defined as the removal of a student from school for more than ninety (90) school days, indefinitely, or permanently as allowed by law for possession of a dangerous weapon; possession of a controlled substance; assault on a member of the educational staff; or a felony charge or felony delinquency complaint or conviction, or adjudication or admission of guilt with respect to such felony, if a Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school.

Any student alleged to have committed one of these acts shall be afforded the same due process rights as for a long term suspension. Any student expelled from school for such an offense shall be afforded an opportunity to receive educational services and make academic progress.

Academic Progress

Any student who is suspended or expelled shall have the opportunity to earn credits, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her removal from the classroom or school. The Principal shall inform the student and parent of this opportunity in writing, in English and in the primary language of the home, when such suspension or expulsion is imposed.

Any student who is expelled or suspended from school for more than ten (10) consecutive days, whether in school or out of school, shall have an opportunity to receive education services and make academic progress toward meeting state and local requirements, through the school-wide education service plan.

The Principal shall develop a school-wide education service plan describing the education services that the school district will make available to students who are expelled or suspended from school for more than ten (10) consecutive days. The plan shall include the process for notifying such students and their parents of the services and arranging such services. Education services shall be based on, and be provided in a manner consistent with, the academic standards and curriculum frameworks established for all students under the law.

The Principal shall notify the parent and student of the opportunity to receive education services at the time the student is expelled or placed on long-term suspension. Notice shall be provided in English and in the primary language spoken in the student's home if other than English, or other means of communication where appropriate. The notice shall include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information.

For each student expelled or suspended from school for more than ten (10) consecutive days, whether in-school or out-of-school, the school district shall document the student's enrollment in education services. For data reporting purposes, the school shall track and report attendance, academic progress, and such other data as directed by the Department of Elementary and Secondary Education.

Reporting

The school district shall collect and annually report data to the DESE regarding in-school suspensions, short- and long-term suspensions, expulsions, emergency removals, access to education services, and such other information as may be required by the DESE.

The Principal of each school shall periodically review discipline data by selected student populations, including but not limited to race and ethnicity, gender, socioeconomic status, English language learner status, and student with a disability status in accordance with law and regulation.

Student Support, Care & Education Services: Chapter 222 of the Acts of 2012, An Act Relative to Student Access to Educational Services and Exclusion from School

SECTION 1. Section 37H of chapter 71 of the General Laws, as appearing in the 2010 Official Edition, is hereby amended by striking out subsection (e) and inserting in place thereof the following 3 subsections:-

(e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.

(f) Districts shall report to the department of elementary and secondary education the specific reasons for all suspensions and expulsions, regardless of duration or type, in a manner and form established by the commissioner. The department of elementary and secondary education shall use its existing data collection tools to obtain this information from districts and shall modify those tools, as necessary, to obtain the information. On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analysis, including the total number of days each student is excluded during the school year, available to the public online in a machine readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.

(g) Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

SECTION 2. Section 37H½ of said chapter 71, as so appearing, is hereby amended by striking out the last paragraph and inserting in place thereof the following paragraph:-

Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student under an education service plan, under section 21 of chapter 76.

SECTION 3. Said chapter 71 is hereby further amended by inserting after section 37H½ the following section:-

Section 37H¾. (a) This section shall govern the suspension and expulsion of students enrolled in a public school in the commonwealth who are not charged with a violation of subsections (a) or (b) of section 37H or with a felony under section 37H½.

(b) Any principal, headmaster, superintendent or other person acting as a decision-maker at a student meeting or hearing, when deciding the consequences for the student, shall exercise discretion; consider ways to re-engage the student in the learning process; and avoid using expulsion as a consequence until other remedies and consequences have been employed.

(c) For any suspension or expulsion under this section, the principal or headmaster of a school in which the student is enrolled, or a designee, shall provide, to the student and to the parent or guardian of the student, notice of the charges and the reason for the suspension or expulsion in English and in the primary language spoken in the home of the student. The student shall receive

the written notification and shall have the opportunity to meet with the principal or headmaster, or a designee, to discuss the charges and reasons for the suspension or expulsion prior to the suspension or expulsion taking effect.

The principal or headmaster, or a designee, shall ensure that the parent or guardian of the student is included in the meeting, provided that such meeting may take place without the parent or guardian only if the principal or headmaster, or a designee, can document reasonable efforts to include the parent or guardian in that meeting. The department shall promulgate rules and regulations that address a principal's duties under this subsection and procedures for including parents in student exclusion meetings, hearings or interviews under this subsection.

(d) If a decision is made to suspend or expel the student after the meeting, the principal or headmaster, or a designee, shall update the notification for the suspension or expulsion to reflect the meeting with the student. If a student has been suspended or expelled for more than 10 school days for a single infraction or for more than 10 school days cumulatively for multiple infractions in any school year, the student and the parent or guardian of the student shall also receive, at the time of the suspension or expulsion decision, written notification of a right to appeal and the process for appealing the suspension or expulsion in English and in the primary language spoken in the home of the student; provided, however, that the suspension or expulsion shall remain in effect prior to any appeal hearing. The principal or headmaster or a designee shall notify the superintendent in writing, including, but not limited to, by electronic means, of any out-of-school suspension imposed on a student enrolled in kindergarten through grade 3 prior to such suspension taking effect. That notification shall describe the student's alleged misconduct and the reasons for suspending the student out-of-school. For the purposes of this section, the term "out-of-school suspension" shall mean a disciplinary action imposed by school officials to remove a student from participation in school activities for 1 day or more.

(e) A student who has been suspended or expelled from school for more than 10 school days for a single infraction or for more than 10 school days cumulatively for multiple infractions in any school year shall have the right to appeal the suspension or expulsion to the superintendent. The student or a parent or guardian of the student shall notify the superintendent in writing of a request for an appeal not later than 5 calendar days following the effective date of the suspension or expulsion; provided, that a student and a parent or guardian of the student may request, and if so requested, shall be granted an extension of up to 7 calendar days. The superintendent or a designee shall hold a hearing with the student and the parent or guardian of the student within 3 school days of the student's request for an appeal; provided that a student or a parent or guardian of the student may request and, if so requested, shall be granted an extension of up to 7 calendar days; provided further, that the superintendent, or a designee, may proceed with a hearing without a parent or guardian of the student if the superintendent, or a designee, makes a good faith effort to include the parent or guardian. At the hearing, the student shall have the right to present oral and written testimony, cross-examine witnesses and shall have the right to counsel.

The superintendent shall render a decision on the appeal in writing within 5 calendar days of the hearing. That decision shall be the final decision of the school district with regard to the suspension or expulsion.

(f) No student shall be suspended or expelled from a school or school district for a time period that exceeds 90 school days, beginning the first day the student is removed from an assigned school building.

SECTION 4. Section 1 of chapter 76 of the General Laws, as appearing in the 2010 Official Edition, is hereby amended by striking out, in lines 2 to 13, inclusive, the words “, except a child between fourteen and sixteen who meets the requirements for the completion of the sixth grade of the public school as established by said board and who holds a permit for employment in private domestic service or service on a farm, under section eighty-six of chapter one hundred and forty-nine, and is regularly employed thereunder for at least six hours per day, or a child between fourteen and sixteen who meets said requirements and has the written permission of the superintendent of schools of the town where he resides to engage in non-wage-earning employment at home, or a child over fourteen who holds a permit for employment in a cooperating employment, as provided in said section eighty-six,”.

SECTION 5. Said section 1 of said chapter 76, as so appearing, is hereby further amended by striking out, in line 14, the words “said town” and inserting in place thereof the following words:- the town the student resides.

SECTION 6. Said section 1 of said chapter 76, as so appearing, is hereby further amended by striking out the fourth paragraph.

SECTION 7. Said chapter 76 is hereby further amended by inserting after section 1A the following section:-

Section 1B. The school committee of each city, town or regional school district shall have a pupil absence notification program in each of its schools. The program shall be designed to ensure that each school notifies a parent or guardian of the child's absence if the school has not received notification of the absence from the parent or guardian within 3 days of the absence.

Each school committee shall have a policy of notifying the parent or guardian of a student who has at least 5 days in which the student has missed 2 or more periods unexcused in a school year or who has missed 5 or more school days unexcused in a school year. The notification policy shall require that the school principal or headmaster, or a designee, make a reasonable effort to meet with the parent or guardian of a student who has 5 or more unexcused absences to develop action steps for student attendance. The action steps shall be developed jointly and agreed upon by the school principal or headmaster, or a designee, the student and the student's parent or

guardian and with input from other relevant school personnel and officials from relevant public safety, health and human service, housing and nonprofit agencies.

SECTION 8. Section 18 of said chapter 76, as so appearing, is hereby amended by striking out the first paragraph and inserting in place thereof the following 3 paragraphs:-

No student who has not graduated from high school shall be considered to have permanently left public school unless an administrator of the school which the student last attended has sent notice within a period of 5 days from the student's tenth consecutive absence to the student and the parent or guardian of that student in both the primary language of the parent or guardian, to the extent practicable, and English. The notice shall initially offer at least 2 dates and times for an exit interview between the superintendent, or a designee, and the student and the parent or guardian of the student to occur prior to the student permanently leaving school and shall include contact information for scheduling the exit interview. The notice shall indicate that the parties shall agree upon a date and time for the exit interview, and that interview shall occur within 10 days after the sending of the notice. The time for the exit interview may be extended at the request of the parent or guardian and no extension shall be for longer than 14 days. JHCA - ALLERGIES IN THE SCHOOL SETTING

The Amesbury Public Schools is committed to providing a safe and healthy school environment for all students. Allergies can be a significant health problem or life threatening for some students. The presence of food in all classrooms with the exception of classrooms that teach cooking as part of the curriculum is not permitted. Any exceptions to this policy must be approved by the building principal. Open food is not allowed on busses or vans.

Successful allergy management is a partnership among the parent/guardian(s), the student, the prescribing physician and the school system. It is the responsibility of the parent to notify their child's school of their child's allergies at the beginning of each school year. The student's physician must be involved in the diagnosis and treatment plan that the school will follow for students with allergy intolerance while in the school or at any school-sponsored event. The plan must be reviewed annually and revised as needed. No student will be excluded from school activities based solely on his/her allergies.

JHCA-R - ALLERGIES IN THE SCHOOL SETTING

PURPOSE:

The Amesbury Public Schools are considered "peanut sensitive/peanut aware." We recognize that it is not possible to eliminate all possible exposures. The purpose of these guidelines are to minimize the risk of exposure to allergens that pose a threat to the students in the Amesbury

Public schools, provide all students, through necessary accommodations where required, the opportunity to participate fully in all school programs and activities, and to educate the school community about life-threatening allergies (LTAs). The focus of this district-wide allergy management plan is prevention, education, awareness, communication and emergency response.

The consumption of food on routine bus routes is prohibited. Food may be allowed on longer trips with appropriate supervision by school personnel and for students with special health needs requiring the consumption of food at non-meal times.

School nurses may provide food to students when a student's medical status indicates a need.

ROLE OF PARENT/GUARDIAN:

- Inform the school nurse of your child's allergies prior to the opening of school (or as soon as possible after a new allergy is diagnosed). Notification of student allergies is accomplished through the Student Emergency cards, which are sent home at the start of the school year or when a new student enters the district. Cards are completed by the parent/guardian.
- Provide the school nurse with the medical documentation from your primary care provider with medication orders before your child enters school, or immediately after a diagnosis of life threatening allergy is made.
- Provide the school nurse with written permission to share this information with appropriate staff.
- Participate in developing an Individualized Health Care Plan (IHCP) and Allergy Action Plan (AAP) with the school nurse. Include a recent photograph of the child for the AAP. This plan can include a mechanism for ongoing communication with school staff.
- Provide the school nurse with at least annual updates on your child's allergy status.
- Provide the school nurse with written permission to communicate with the child's health care provider.
- Provide the school with at least two up-to-date epinephrine auto-injectors.
- Provide the school nurse with the licensed provider's statement if student no longer has allergies.
- Provide the school with a way to reach you (cell phone, beeper, etc.).
- Provide a list of foods and ingredients to avoid.

- Consider providing a medical alert bracelet for your child.
- Investigate field trip destinations for potential issues that may pose a risk, and inform child's teacher if you have any concerns.
- Review the list of student responsibilities with your child and be sure he/she understands his/her role.

Remember - the ultimate goal is that our children eventually learn to keep themselves safe by making good choices and advocating for themselves.

SCHOOL ADMINISTRATOR/DESIGNEE RESPONSIBILITY:

- Apply to the Massachusetts Department of Public Health for "Registration and Administration of Epinephrine" as described in 105 CMR 210.000. This registration is granted for a two-year period and involves the training of unlicensed personnel to administer epinephrine by auto-injector to individuals (with a diagnosed life-threatening allergy) experiencing a life-threatening allergic event.
- Include in the school district's emergency response plan a written plan outlining emergency procedures for managing life-threatening allergic reactions.
- Develop procedures to assist schools at each level (elementary, middle and high) to adapt or modify the plan to meet special needs of individual students. Consider risk reduction for life-threatening allergies.
- Provide school staff, including substitute teachers, teacher assistants, and volunteers with a copy of Policy JHCA, its regulations, and exhibits.
- Ensure that an IHCP for each child with a LTA is created and implemented.
- Ensure that parent/guardians and/or classroom teachers will not bring food into classrooms for distribution to students on a regular basis.
- Entertain permission for special classroom events that include the consumption of food. Permission must first be obtained from the principal. The teacher will send home a notice of the event and will require written consent from a parent/guardian to allow their child to participate. For all school functions sponsored by auxiliary groups, the consumption of food will be allowed on an individual basis as described in that school's handbook.
- Monitor satisfaction of cleaning protocol for classrooms, cafeteria, and other areas in the school building.

- Provide emergency communication devices (e.g., two-way radio, intercom, walkie-talkie, cell phone) for all school activities, including transportation, that involve a student with life-threatening allergies.
- Support faculty, staff and parents in implementing all aspects of the life-threatening allergy management plan. Provide annual training and education for faculty and staff regarding:
 - o Anaphylaxis/anaphylactic reactions to foods, insect stings, medications, latex
 - o Risk reduction procedures
 - o Emergency procedures
 - o How to administer an epinephrine auto-injector in an emergency
 - o Cafeteria management and food preparation for food service personnel
- Track education of all involved parties to ensure that they have been properly trained and updated.
- Have a plan in place when there is no school nurse available.
- Make sure that plans include notification and training, as indicated, of substitute teachers, substitute nurses and food service personnel.
- Provide guidance on district-wide issues such as transportation.
- Follow federal/state/district laws and regulations regarding sharing medical information about the student.
- Review each emergency event involving the administration of epinephrine. The nurse leader and administration, with input from the school nurse, will determine the effectiveness of the process, why the incident occurred, what worked and what did not work in the district plan and procedures.
- Introduce and include relevant new research and evidenced based practices in the annual review of the plan and procedures.

ROLE OF SCHOOL NURSE:

- Meet with the student's parent/guardian to develop a draft of an Individual Health Care Plan (IHCP) and Allergy Action Plan (AAP). This should be accomplished prior to entry into school (or, for a student who is already in school, immediately after the diagnosis of a life-threatening allergic condition).

- Obtain written parent/guardian permission to share this information with appropriate school staff.
- Assure that the AAP includes the student's name, current photo, allergen, and symptoms of allergic reactions, risk reduction procedures, emergency procedures and that it is distributed to all staff that have a "need to know."
- Post general emergency protocol and location of epinephrine auto-injectors. Epi-Pens should be kept in a safe, accessible and reasonably secure location that can be properly supervised by a nurse or other authorized and trained staff member.
- Provide information to substitute teachers of those students in their classroom who have LTAs. This information includes the AAP.
- Periodically check medications for expiration dates and arrange for them to be current.
- Make arrangements for ambulance transportation to the nearest emergency facility for the evaluation of any student who was administered epinephrine, even if the symptoms have subsided. The student's parent/guardian will be contacted immediately.
- Complete the Massachusetts Department of Public Health's Epi-Pen administration form, in the event of Epi-Pen administration. Forward form to Nurse Leader before end of work day.
- Review the event and the appropriateness of the intervention with the nurse leader.
- Arrange periodic follow-up to review effectiveness of the IHCP, at least on an annual basis, or as often as necessary.
- Make sure that substitute school nurses are fully oriented to students with life-threatening food allergies and their care plans.
- Communicate with parents on a regular basis to assure all required information is current and available. Communication will include student readiness for self-administration.

ROLE OF TEACHER:

- Participate in district's annual education program on life threatening allergies.
- Maintain a list of all students in classroom with LTAs.
- Keep accessible the child's emergency plan with photo (where possible) in classroom (with parent's permission) or keep with lesson plan.

- Inform volunteers, student teachers, aides, specialists and substitute teachers about the child's food/other allergies and necessary safeguards by both verbal communication and in an organized, prominent and accessible written format.
- Coordinate with the parent/school nurse on providing a lesson plan about food allergies for the class and discuss anaphylaxis in age appropriate terms, with child's permission.
- Inform parents about events involving food and secure written permission for their student's involvement.
- Provide school nurse with adequate warning about school-sponsored off-site activities.

ROLE OF SUBSTITUTE STAFF:

- Participate in district's annual education program on life threatening allergies.
- Obtain information (AAP) from school nurse as to which students have LTAs in their classrooms each time they substitute. Return this information to school nurse by end of work day.
- Obtain a building specific list of Epi-Pen locations from school nurse.

ROLE OF FOOD SERVICE MANAGER:

- Participate in district's annual education program on life threatening allergies.
- Follow safe food handling practices to prevent cross contamination with potential food allergens.
- Follow cleaning and sanitation protocols.

ROLE OF STAFF WHEN OFF-SITE:

- Participate in district's annual education program on life threatening allergies.
- Maintain a list of all students in their charge who have LTAs.
- Coaches will be told of any students on their teams who have LTAs, will be trained in Epi-Pen administration and will encourage these students to carry the pens to all practices and events.
- Responsible students will be permitted to carry their own Epi-Pens.

ROLE OF STUDENT:

- Should not trade food with others.

- Should not eat anything with unknown ingredients or known to contain any allergen.
- Should be proactive in the care and management of their food allergies and reactions based on their developmental level.
- Should notify an adult immediately if they eat something they believe may contain the food to which they are allergic.
- When self-administration is allowed, students should agree to keep their emergency medications on their person or immediately under their control and supervision at all times.

TRANSPORTATION STAFF RESPONSIBILITY:

- Maintain a policy of not permitting food to be eaten on school buses/vans.
- Provide functioning emergency communication devices.
- Know how and when to activate emergency medical services (EMS)
- Alternate transportation may be provided on a case by case basis.

The usual transportation fee will apply. Parents will be required to furnish written documentation by the students' attending physician stating that the student's LTA is so severe that the student requires alternate transportation.

KI INFORMATION

The Amesbury School District, in cooperation with the Massachusetts Department of Public Health has decided, with parent permission, to make Potassium Iodide (KI) available to staff and students prior to

evacuation to our designated host facility which is Methuen High School. The school committee has given approval for this distribution,

Participation of students in the distribution is VOLUNTARY. Student participation will require parental/guardian signature on the consent forms. Trained school personnel will administer Potassium iodide pills. This consent form is reviewed annually. If you have any questions, please contact this office, the school nurse in your building and/or call Robert Walker at the Massachusetts Department of Public Health at 617-727-6214. We strongly urge you to read the Emergency Public Information Calendar that was distributed by the Massachusetts Emergency Management Association (MEMA), visit the website at www.state.ma.us/dph/rep, or call MEMA at 800-982-6846.

Reason for Taking Potassium Iodide In case of an accident at a nuclear power plant or what is known as a radiological emergency, radioactive iodine will be released into the air. The material may be inhaled or ingested and enter the thyroid gland where it can cause cancer and/or disease. Children and infants are the most vulnerable to this occurrence. When taken by pill, Potassium Iodide (KI) floods the thyroid with non-radioactive iodine and prevents the thyroid from absorbing the radioactive material.

Potassium Iodide needs to be given before or shortly after exposure to radiation. Potassium Iodide works only to prevent the thyroid from absorbing radioactive iodine.

Potential Side Effects of Potassium Iodide It is possible to experience any or all of the following side effects when taking Potassium Iodide:

- Upset stomach
- Rash
- Allergic Reaction

Risks of Taking Potassium Iodide Taking Potassium Iodide is safe for most people. Potassium Iodide should not be taken if someone:

- Is Allergic to iodine
- Has Graves Disease
- Has any other thyroid illness
- Takes thyroid medication

Administration of Potassium Iodide Potassium Iodide will only be given:

- In case of a radiological emergency
- If it is recommended by public health officials
- If a parent/guardian signs a consent form for a child

Community Relations

CHAIN OF COMMUNICATION FOR PARENT/GUARDIAN

Although no member of the community will be denied the right to bring their concerns to the School Committee, they will be referred through the proper administrative channels for solution before investigation or action by the Committee. Exceptions will be made when the issues concern Committee actions or Committee operations only.

The Committee believes that concerns are best handled and resolved as close to their origin as possible, and that the professional staff should be given every opportunity to consider the issues and attempt to resolve the problem prior to involvement by the Committee.

Means of communication may be in the form of a telephone call or written correspondence. Electronic email may be used with the understanding that all emails are considered public documents. The proper channeling of concerns will be as follows:

1. Concerns from parent/guardian regarding academic, behavioral or discipline issues should use the following chain of communication as a means of problem solving:
 - Teacher
 - School building administrator (assistant principal/principal)
 - Central Office (different individual depending on specific issue)
 - Director of Finance and Operations
 - Director of Teaching and Learning
 - Director of Student Services
 - Superintendent
2. Concerns from parent/guardian regarding athletic issues should use the following chain of communication as a means of problem solving:
 - Coach of the Team
 - Head Coach
 - Athletic Director
 - Principal
 - Superintendent
3. Concerns from parent/guardian regarding transportation issues should use the following chain of communication as a means of problem solving:
 - Bus company
 - Assistant Principal (if applicable)
 - Principal
 - Central Office
 - Director of Student Services (if applicable)

- Director of Finance and Operations
 - Superintendent
4. Concerns from parent/guardian regarding all other staff issues should use the following chain of communication as a means of problem solving:
- Principal
 - Central Office
 - Director of Student Services (if applicable)
 - Director of Teaching and Learning
 - Director of Finance and Operations
 - Superintendent

As one moves further along the chain of communication, the staff is less directly involved and, therefore, will need time to research the situation before they can give an answer or solution. If a response is not received within 48 hours (two school days), it is recommended to move to the next level in the chain of communication. The Committee expects the professional staff to receive complaints courteously and to make a proper reply to the complainant.

Matters referred to the Superintendent and/or the Committee must be in writing and should be specific in terms of the action desired.

The Committee may address concerns only after they have been explored by the appropriate administrative level according to the above sequences.

CF - SCHOOL COUNCILS

The Amesbury School Committee recognizes that site-based management is at the core of the Education Reform Act of 1993. The Reform Act calls for the creation of school advisory councils to work with the principals.

As envisioned in this law, each school principal shall be responsible for defining the composition of his or her school council and for convening the first council meeting no later than forty days after the beginning of school. The councils may assist principals in at least three major ways. They include: adopting educational goals, budget review and formulating a school improvement plan each year subject to the approval of the school committee.

Each school council shall have as members: the principal, who serves as one of the co-chairs, and serving in a voluntary capacity, teachers at the school, parents of students attending the

school, at least one student (in the case of the high school), and other community residents who are not parents or teachers or students at the school. Parents of students attending the school shall be chosen annually for the council by an election conducted by the local parent organization under the direction of the principal. The school committee advocates that each council reflect the diversity of the school and of the community as much as possible. The size of the school council, the number and schedule of meetings, internal decision-making rules, and terms of membership shall be agreed upon within each council, subject to the confines of state and federal laws.

Regarding membership on school councils, the number of parents has to equal the number of teachers, plus the principal. The number of other persons who are not parents or teachers must not exceed fifty percent of the council's membership. At the beginning of each school year each school council must conduct elections and submit its organizational plan for school committee approval.

The school committee may grant councils additional authority in the area of educational policy except for those areas covered by collective bargaining agreements.

GBEBD - ONLINE FUNDRAISING AND SOLICITATIONS - CROWDFUNDING

School District employees shall comply with all of the following provisions relating to online solicitations and the use of crowdfunding services for school-related purposes as well as all applicable laws, regulations and district policies. No online fundraising may occur except as provided below.

The Principal of each school shall approve all online fundraising activities within their buildings prior to any employee posting any such fundraising solicitation. The Superintendent shall have final authority to approve any online fundraising activities by school district employees and shall determine and communicate to Principals the circumstances under which online fundraising proposals shall require Superintendent or School Committee approval in accordance with law and school district policy.

Any solicitation shall be for educational purposes only (field trips, supplies, supplemental materials, books, etc.). The solicitation of personal items (coats, nutritional snacks, etc.) shall

only be to benefit students directly. To the extent an employee solicits any technology or software, the employee shall secure the prior written approval of the Superintendent or designee prior to any such solicitation. Any employee seeking to display or post a photograph of a student in conjunction with a fundraising solicitation must first secure the written consent of the student's parent or guardian.

Employees shall not use a crowdfunding source, or set up their appeal in such a way, that they are asking for donations directly from people over whom the employee making the request has authority, or with whom the public employee is having official dealings (such as parents of student's in a teacher's classroom - the solicitation can say "Classroom X needs tissues and crayons," but it shouldn't be directed to parents who have shared email addresses with the teacher for purposes of communicating about their student).

Employees using crowdfunding services shall periodically disclose in writing to the Principal the names of all individuals whom the employee has directly solicited in any manner including but not limited to oral, written, or electronic solicitation. The Principal shall maintain these disclosures as public records available for public review.

Employees may only use crowdfunding services that send the items or proceeds solicited by the employee directly to the employee's school or to the school district. Employees must verify under the crowdfunding service's terms and conditions that they meet all requirements for such solicitation. Items or proceeds directly sent to employees are considered gifts to the employee and may result in violation of state ethics laws.

If an employee's proposal is approved by the crowdfunding service, the employee agrees to use the donated materials solely as stated in the employee's proposal.

If a solicitation is not fully funded within the time period required by the crowdfunding service, or the solicitation cannot be concluded for any reason, every attempt will be made to return donations to the donors. Donations unable to be returned shall only be used as account credits for future solicitations.

Unless otherwise approved by the Superintendent in writing, all goods and/or proceeds solicited and received through any online solicitation shall become the property of the School Committee, and not of the individual employee who solicited the item(s) or funds. The employee is prohibited from taking any such item(s) or funds to another school or location, without the Superintendent's written approval.

IGDF - STUDENT FUNDRAISING ACTIVITIES

The Committee acknowledges that many school groups seek to supplement school programs and activities by raising funds, through various activities, and donating them to the school system. While the Committee generally appreciates these endeavors, it is concerned about issues of safety and liability of schoolchildren representing an organization which solicits funds through sales or donations in the community. The Committee especially discourages activities which might involve students in door-to-door solicitation.

Such groups must also be aware that fundraising activities require coordination, with regard to both the methods and the frequency of fundraising. All groups which intend to utilize students to raise funds for any school-related activity or program shall submit, in writing, a description of the proposed fundraising project. Each proposal shall include information pertaining to the reasons for the project, methods of fundraising, coordinators, solicitors, timelines, and anticipated goals, and shall be submitted to the principal(s) of the school(s) for approval. Any proposal that includes online fundraising and/or solicitation will be approved in compliance with school committee policy GBEBD. Principals will then forward form **IGDF-E** to the Superintendent's office for placement on the Master Calendar.

Any community organizations desiring to distribute flyers or other materials to students in connection with fund drives may do so only with the approval of the Superintendent.

The district reserves the right to revise this policy at any time, and all revisions will take effect immediately as per district governance.

The signing of this Acceptable Use Policy indicates the party who has signed has read the terms and conditions carefully and understands their significance.

Signature

I have read and understand the Amesbury Public Schools Technology Systems Acceptable Use Policy. I am aware that district technology, including the Internet and network access, is designed for educational purposes. However, I also recognize it is impossible for the Amesbury Public Schools to restrict access to all controversial materials, and I will not hold the District responsible for materials acquired on the network. I further understand that the provisions of this policy are subordinate to local, state and federal statute and that violations are unethical and may constitute a criminal offense. Should I commit a violation my access privileges may be revoked and I may be subject to other disciplinary actions prescribed by law or other school policies.
