GRADING...

(50%) Portfolio / Assignments / Journal Writing: Many smaller and larger activities will be added to a portfolio that will be assessed. Daily assignments will be done in your composition notebook. Journal writing will occur frequently—the prompt must be copied and all entries dated in order to receive credit.

(30%) Quizzes: See me to arrange a time to make up a missed quiz. Unexcused absences result in a zero.

(20%) Class Participation & Class Responsibility: This will often “round up” or “round down” your overall grade. Participation is crucial by making suggestions, offering well-reasoned opinions and unique thoughts related to the topic, interacting respectfully and helpfully with peers and myself. This will ideally make the course much better, more interesting, and more worthwhile for every student.

It is also extremely important to be responsible & respectful:

- Arrive on time, with ALL necessary materials, prepared to learn.
- Be responsible for your own learning: If you have questions or are confused, ask for help!
- Be respectful of your peers and of myself.
- Contribute to the class by asking questions, explaining concepts, and being cooperative.
- No use of headphones, cell phones, texting, or other similar technology.

Extra Help: See me A-block or after school. Please let me know at least one day in advance. Also, tutoring is often available through Mu Alpha Theta, the mathematics honor society--see an advisor.

Absences: Work may be made up (excused absences only). If you are absent on a Monday, Monday's work would be due on Tuesday and Tuesday's work would be due on Wednesday. It is YOUR RESPONSIBILITY to get your missed work from a classmate or me. IMPORTANT: If you are not on the absence list as excused, it is your responsibility to get an “Excused Absence Card” from the office or show me a note from home or all missed work will receive a ZERO grade.
